## Welcome to the 21st Annual Horn Showcase Sale in Wichita Falls, Texas!

In 2000, the first Horn Showcase raised the bar and our cattle prices. This event continues to grow each year with the hard work of our members, staff and support from our sponsors and exhibitors. I want to thank Dale Hunt for his passion and vision for this breed and the concept of the Horn Showcase.

For this year, we have brought back a separate Bred & Owned Heifer sale on Friday, October 14 at 5:00 pm. This sale is an excellent opportunity for our breeders to find those exceptional heifers to highlight their breeding program. The Select Sale on Saturday, October 15, at 10:00 am, offers more heifers and a great group of proven producers. We identified Bred and Owned consignments in both sales with their unique logo. We've also identified parent-verified consignments and consignments that have DNA markers on file in the TLBAA office. In addition, we've highlighted consignments that were sired by or serviced by a Bull participating in Bull Alley. Thank you to our consignors for digging deep into their programs and bringing their best!

This year we've brought Dan Huntington as our auctioneer and Chase Vasut as our pedigree reader. We will also have Hired Hand taking internet bids, should you not be able to attend. Please visit [hiredhandlive.com](http://hiredhandlive.com) to set up bidding 48 hours before the Friday sale.

The love for Texas Longhorn cattle and the excitement in our industry is stronger than ever, so bid with confidence and buy a Longhorn that you will enjoy and make you money! Thanks again to all our sponsors and consignors for making this year's sale possible. May your grass grow tall and your horns grow long.

Sincerely,

*Phil Norwood*

Horn Showcase Committee Chairman

**BREEDING:** Heifer calf at side born 7/4/22 by PCC Front Runner. Exposed to PCC Double Agent from 6/1/22 to 10/1/22.

**COMMENTS:** OCV'd. This Deep Parker brown beauty is a genetics powerhouse. Sired by 86"+ Happy 9, son of record holders Cowboy Tuff Chex and M Arrow Cha Ching, Bo is out of 88.5" Silver Bo. A slow starter for horn growth with deep black color, Bo has now pushed through that black and is developing a polished look with black tips that have the double back twist of her dam. This late bloomer should continue to add horn quickly and challenge her dam as she matures. Bo has a heifer calf at side by PCC Front Runner 84" and has been exposed back to our junior herd sire and Gold Mine son, PCC Double Agent for a possible 3-in-1. Measurements and breeding status update at sale. More info at [www.circledoublej.com](http://www.circledoublej.com).

**COMMENTS:** Beautiful Gun Lee Zee daughter out of a King Pin daughter. Gun Lee Zee was 90-1/2" TTT when he died young. There are not too many Gun Lee Zee daughters out there. The icing on the cake is a very nice herd sire prospect by Rip Saw, a Sittin Bull son who measures 88-1/2" TTT. This is a very feminine heifer with her first calf, who is very flashy. I like her a lot and she is growing a lot of horn for a 3-year-old. Her sire already has several daughters in the 80's TTT. She is quiet and takes care of business.

**BREEDING:** Bull calf at side born 5/27/22 by RJF Black Magic. Exposed to WS Elevation from 6/11/22 to sale.

**COMMENTS:** OCV'd. The best genetics that Struthoff Ranch has to offer in one incredible package. The daughter of Clout has been cleaning house for years in futurities and doing very well in horn context. Then you bring in 007 (Rio x Working Woman) over a daughter of Sittin Bull. Sittin Bull is a full brother to Top Caliber and he has sired the most 100" TTT daughters in the breed. We must be crazy to let a female this valuable go! Bull calf at side sire by RJF Black Magic and exposed by to WS Elevation.

CAPITALIZE ON YOUR INVESTMENT BY PROTECTING YOUR HERD FROM EXTERNAL PARASITES ALL YEAR LONG!

Well worth the money!!! We've had the oiler in our adult cow pasture but we didn't have a Lewis Oiler in our heifer pasture. When we brought all of the cattle home for the winter, the heifers all had BAD lice problems but the cows were clean. Guess it sure proved to me that they work for lice control as well as flies. We'll definitely purchase another Lewis Cattle Oiler this spring."
