Welcome to the 22nd Annual Horn Showcase Sale in Oklahoma City, Oklahoma!

In 2000, the first Horn Showcase raised the bar and our cattle prices. The inaugural sale in 2002 reflected the market value of horn measurements. This event continues to grow each year with the hard work of our members, staff and support from our sponsors and exhibitors. I want to thank Dale Hunt for his passion and vision for this breed and the concept of the Horn Showcase.

For this year, we have brought you a true Select Sale for Saturday, October 14 at 11:00 am. The interest in this sale exceeded our expectations with over 135 animal consignments submitted. Some very hard decisions were made to trim the lots down for the catalog with some worthwhile animals not making the sale. Breeders reached into their herd and truly brought us the best of their programs. There is a mix of young heifers to expand and add new genetics as well as proven producers to add to your herd.

We identified Bred and Owned consignments with a unique logo. We've also identified parent-verified consignments and consignments that have DNA markers on file in the TLBAA office. In addition, we've highlighted consignments that were sired by or serviced by a Bull participating in Bull Alley. Thank you to our consignors for digging deep into their programs and bringing their best!

This year we've brought Dan Huntington as our auctioneer and Chase Vasut as our pedigree reader. We will also have Hired Hand taking internet bids, should you not be able to attend. Please visit hiredhandlive.com to set up bidding 48 hours before the Saturday sale.

The love for Texas Longhorn cattle and the excitement in our industry is stronger than ever, so bid with confidence and buy a Longhorn that you will enjoy and make you money! Thanks again to all our sponsors and consignors for making this year's sale possible. May your grass grow tall and your horns grow long.

Sincerely,

Josh Gentry

COMMENTS: OCV'd. We honor the Stockton/Burton program with this donation lot. All funds will be given out as scholarship money under the Helen Stockton and Bill Burton Memorial Scholarship Fund. Flashy, feminine and can make your herd great again. Do not let her name fool you, she still has a great reputation. Combining the genetics of Drag Iron, the clone of Delta Fifi, Capital Chill, Tempter, and Dodes Blu Boy. This is the type of pedigree that made the Stockton/Burton herd such a success - working together! Like minded breeders, helping, supporting and combining genetics to create the best.

COMMENTS: OCV'd. Fancy heifer sired by the 2021 HSC Ultimate Bull, Delta Lucky Ace. Her dam, a Hubbells 20 Gauge daughter, is a 90 inch TH cow working on a gorgeous Texas Twist and was the 2020 ITLA World Show Reserve Non-Haltered Grand Champion and winner of the largest class at the 2020 Legends Futurity. Sangria's horns are twisting up and back, showing she is working on a gorgeous twist. Comes from a strong management program with focus on strong maternal traits. COMMENTS: OCV'd. This young, true black daughter of HL Higher Ground has the horn color and pedigree to get your motor running! With the likes of Horseshoe J Important, WS Sun Star, and Eternal Tari, along with the BL Patty Sue family - that produced the \$65,000 HL Cow Patty - this little gal is stacked with performance through and through!! BREEDING: Not exposed.

COMMENTS: Check out this heifer from KC Springs Ranch! What's not to like about this gal? Let's just say she is a brick house. Shady is a very feminine and well-built heifer. She has very smooth lines and is very correct. Shady measured 35.125" on her 1st birthday and has a perfect horn set. Her sire 20 Gauge has been on the top of the futurity money earners list for the past couple of years. On top of that, Shady's dam is a futurity Horn Showcase winner and placed 2nd at the Millennium Futurity. Study this pedigree closely!

BREEDING: Exposed to CR Damascus from 4/3/23 to sale.

COMMENTS: OCV'd. We brought this heifer as a representation of what we are striving to produce. Look at the blue face on this very feminine heifer! Bull power in her pedigree includes Hubbells 20 Gauge, Respect Me, RLL Nighthawk (Full brother to Top Caliber and Sittin Bull), Concealed Weapon and a maker. Maternal power includes GFG-Whiz Horseshoe J Example, Hubbells Morning Glory, Hashbrown and Dancer. We love the tight roll she has on her horns. We have her exposed to our partnership bull, CR Damascus - he is a mid 80's son of Saddlehorn/Girl of Galilee, for a spring 2024 calf.

BREEDING: Exposed to Line Drive from 5/1/23 to sale.

COMMENTS: OCV'd. PB Shinbone's Finest is one of the oldest daughters of the 90" HL Jango, and the first to be consigned to a public sale. This is the kind of heifer we want to have our brand on. She has a powerful pedigree going back to JP Rio Grande, Awesome Alamo, and Texana Tequila on the bottom. Bring in the four 90" animals on the top through HL Jango...WOW! Her color, conformation, horn direction and length will add value to any herd. Shinbone's Finest will be exposed to our junior herd sire, Line Drive, who combines two of the best Drag Iron daughters in the breed with Rio and Tuff. He is tall, long, colorful, and has lots of horn for a youngster. You will love having this heifer in your pasture. For updated information, go to www.pinebrotherslonghorns.com.

BREEDING: Exposed to Marlboro Man LM from 5/1/23 to 10/1/23.

COMMENTS: Since 3S Danica's face graces the Horn Showcase logo this year, we wanted to bring an offering that was packed with her genetics - and here she is. LM Miss Dallas Sissie is super colorful with 3S Danica on top and classic El Coyote breeding on bottom. The cherry on top - she's bred to Marlboro Man LM, sired by last year's TLBAA Superior Bull - KDK Wildfire, and out of 3S Danica's triple twist daughter, LM Danica's Image. The calf inside will bring in 3S Danica maternal bloodlines on top and bottom - you cannot find that kind of 3S Danica line breeding, top and bottom, anywhere but here.

BREEDING: Exposed to H CC Captain Mare I from 7/9/23 to sale.

COMMENTS: OCV'd. JHCC Golden Sparkles is our flashiest, Gold Mine daughter of 2021. We wanted to bring a nice one to the Horn Showcase and here she is! JHCC Golden Sparkles is out of a really nice Hubbells 20 Gauge daughter. She has an incredible and predictable pedigree. The Hubbells 20 Gauge/ Catchit cross has done great things for Mark Hubbell and produced some amazing cows. Now throw Gold Mine 1 into the mix, and you get an explosion of color. JHCC Golden Sparkles has been exposed to JHCC Captain Marvel, who was over 80" on his third birthday, and both parents are over 90". COMMENTS: SCC Dust Storm is OCV'd, Millenium Futurity Eligible, and an own daughter of RR Sweet Brindle Dust out of our best Drag Iron daughter. At 18 months of age, she packed on over 24" TTT in 10 short months to propel her horn projections to the upper 80's. After breaking off 3" of horn, she still sports over 81" TTT and still growing. When she was born, she took her first steps toward me to be petted and has been puppy dog gentle ever since. She shows the large frame of Drag Iron, milks well, is intelligent, and works easily in the chute. She has replaced herself and is currently bred to our Tuff Chex son, SCC Tuff As Hickory, for a calf by sale date. Updated information on horn growth, calving, and breeding available by sale date.

BREEDING: Bull calf at side, born 4/3/23 by SCC Tuff As Hickory. AI'd to Magnum Star Force on 5/31/23; exposed to SCC Adonis from 7/11/23 to sale.

COMMENTS: OCV'd. SCC Iron Batgirl is our very best cow to date. As an own daughter of the great Drag Iron, she shows his size, color, horn, and wonderful disposition. Over 82" TTT horn and still growing; calves like clockwork by either AI or natural. We're keeping two retained heifers from her; and she comes with a bull calf at side by our Cowboy Tuff Chex son, SCC Tuff as Hickory. Updated horn measurement and breeding to be given at sale date.

COMMENTS: OCV'd. Grand Iron is a big, beautiful, colorful Drag Iron daughter with a bull calf at side, sired by Sleepy Horn - who is a son of Saddlehorn. She is bred back the same way. Top Caliber has been one of the leading producing bulls in the industry, with nineteen daughters over 90" and three over 100". Shadow ♀ bilee is considered to have been one of the best all around cows in the breed. ♀ bilation is closing in on 90" and we are retaining her daughter, who was over 80" at four. ♀ bilation was AI'd with heifer sexed semen by ♂ mmin Tex and Texaco is the clean-up bull. COMMENTS: Cocoa Puff is a heifer that can compliment any herd - she is a genetic powerhouse and has a gentle demeanor. She's the daughter of BR Mr. Right, a son of Drag Iron daughter by Awesome Willa, who brings in Top Caliber. Cocoa Puff should have a calf at side by sale date out of our herd sire, Spirit Chex, and will be exposed back the same way for a potential 3-in-1. BREEDING: Exposed to G3 Zane from 11/1/22 to 2/28/23.

COMMENTS: OCV'd. When you think of a producer, this is the type of cow you should think of. This female is exactly that - two of her daughters sold this year at the Legacy Sale and combined, brought over 100k. Her daughters, also, are doing amazing on the futurity circuit. Carmen is as solid as they come - she breeds back in about 4 weeks after calving and never misses a beat. She is a milking machine and raises great, big calves. She is also very easy to handle and work. On top of all of that, she is an absolute beauty in the pasture with the wow factor of over 110 inches of TH. This is a female you can absolutely build a herd around. We are retaining her daughter, who is predicted to go over 90" TTT. Because we have two of her granddaughters in our herd, plus have embryos out of her, is the only reason we are willing to let her go. We will also buy her heifer back at 25% of her sale price. COMMENTS: Who doesn't love swoopy horns?! BL Talula is a daughter of the longest horn bull in the breed - Cowboy Tuff Chex. She is out of a super nice Bandera Chex daughter. That makes her double-bred Poco Lady BL on the bottom side. She has been exposed to R# Texas Rebel for what could be a super exciting calf! He is a son of a mmin Tex and HR Awesome Reb, that sold for \$140,000. Talula is a very easy going cow that was halter broke as a heifer and still loves her head scratches.

BREEDING: Exposed to Colluder from 6/21/23 to sale.

COMMENTS: OCV'd. JMR Brown Sugar gave us an elite heifer by Colluder in 2023 in which we are retaining. In 2022, she gave us a wonderful herd sire prospect now owned by SS Backwards Ranch in Illinois. Brown Sugar is exposed to Colluder again for a 2024 calf. She has a large balanced bag, as well as great mothering ability. At 49 months old, she measured 82.25" TTT (May 2023). She has a beautiful, brindled face with plenty of horn and she will eat from your hand. Brown Sugar predicts to be a mid 90" TTT cow and we already know she produces homeruns with her calves, so take the guess work out. You will have a chance to compete in McEntire's Moneyball with the calf for a chance to win anywhere from \$500 to \$10,000 in futurities.

Five Straws of Heifer Sexed Semen to Rebel HR
Benefiting the Texas Longhorn Heritage Foundation

Harrell Ranch, Bentwood Ranch and Whitlock Longhorns, as well as the other syndicate members, are offering five straws of heifer sexed semen to Rebel HR. The proceeds of this lot will go to the Texas Longhorn Heritage Foundation to help our fellow Longhorn breeders in their time of need.

Rebel HR is the sire of the highest selling female in our breed and one of the highest-selling females of all breeds ever. With HR Rosette, RR Harper, MN Rebel Zoey and HR Rebel Bang, how can a sire not grab your attention? His offspring are now going over 100" TTT with a wonderful twist to a lot of their horns. Great bodies and perfect udder attachment and great fertility are what we all strive to have out of a sire. In 2022, there were over \$1.3 million sold in offspring on Rebel. He was the 2018 HSC Ultimate Bull. Rebel HR is syndicated and no more semen will be released until Rebel is retired or his death.
