The Limo destination is Blake Shelton's new restaurant and entertainment facility in Tishomingo, OK. It is named Ole Red's. Ole Red's will open early that day for an exclusive tour and shopping adventure to entertain our Longhorn Ladies. You can expect to be greeted with a free gift and some fun shopping. Staying in the Blake Shelton family circle, a store "Junk Stars", owned by Blake's mother and located next door will also open its doors early to greet us. It's a cute store with lots of things to look at including clothes, jewelry and home décor. We are also told to not be surprised if we see Blake's Mom (Dorothy) or a bunch of Blake Shelton stuff in Junk Star's. If you are a Fan of the Voice, they also sell Team Blake apparel here.

Your Red River Sale Hosts will send you off on a Limo Shopping trip with your choice of a Mimosas, Bloody Marys or cup of Coffee and a donut.

The Limos leave the Red River Sale Barn at 8:00 AM Saturday morning and return right before sale time.

WELCOME

To Our Sale

Welcome to the Red River Longhorn Sale. What started 13 years ago as the Lazy L Ranch Sale and Social (hosted by Larry Stewart), later evolved into the Three Amigos Sale (hosted by Buck Adams, Larry Stewart & Bob Loomis). We have now evolved into the Red River Longhorn Sale. Our hosts that made this sale a reality are Rick & Tracey Friedrich, Frank & Michelle Hevrdejs, and Bob & Pam Loomis.

This year 136 consignments came from our three hosts, as well as many of the top breeders in the industry. We are excited to partner with the Indian Territory's ITTLA Futurity for Friday night and we welcome their participation. As usual, we appreciate your involvement by joining us. There is no charge for transit cattle, we even provide them with hay and water at no charge. Larry Stewart named his original event a sale and a ranch social. We plan to keep both these original titles alive and hope you will join us.

Comments: OCV. RR Tootsie and her dam were both 55" TTT at two years old or better. So, you are looking at stacked pedigree of substantial early horn growth. Breeding her to RR Escondido Red did not hurt the future horn growth a bit. Stacking early horn growth like this has won a lot of bronzes for us. We expect her to have a calf at side by the sale date. She is John's free and Millennium Futurity eligible.

Breeding: Exposed to RR Sweet Brindle Dust from 10/1/17 to 4/15/18.

Comments: RR Cover Girl is a sleeper. She is young and her horn set is developing into a high roll. I always considered her a little bit too high horned. In spite of that she was still over 50" TTT at twenty four months. Then she was right at 60" at three years old. Well, it gets better. Her first calf was the prettiest SBD heifer you ever saw and it was over 40" TTT at twelve months old. We sold it at Red McCombs for mega bucks. She is bred back the same way and will probably have a calf at side by sale date. Her pedigree is deep. Her sire (Rio Grande Chex) was the first 80" bull to have an 80" sire and dam. Her dam (RR Red Clover) is one of the longest TH cows of all time, plus she is also the dam of RR Escondido Red. Damn, now that's a dam. She is John's free and Millennium Futurity eligible.
