STOCKYARDS CITY

MAIN STREET

It is with great pleasure that we welcome you to Oklahoma City! We believe you will find some of the friendliest and most accommodating folks in the world right here!

Oklahoma City is proud of our rich heritage, and where we are headed in the future! While here, we invite you to explore Stockyards City and the many one of a kind shops and appetizing restaurants! Additionally, carve out some time to visit the National Western Heritage Museum and Cowboy Hall of Fame, take a ride on the canals in Bricktown, or peruse any of the unique business districts all just minutes away. The Oklahoma National Stockyards and Stockyards City is literally minutes from the host hotel and airport. Additionally, the OKC Farm Show will be held Thursday through Saturday, located at the State Fair Park just two miles from the sale facility.

The Oklahoma National Stockyards is entering its 109th year of marketing cattle for hard working farmers and ranchers just like you. Once home to large packing houses, the industry has changed over the years, but our market is still one of the best and largest in the world. Since opening in 1910, hundreds of millions of cattle have passed through the gates!

Friday evening, we will host a reception for buyers and sellers from 5:30 pm to 7:30 pm in the atrium of the Exchange Building. Please e-mail me prior to March 22nd so that we can provide plenty of libations for all attending.

We look forward to showing you a dose of Oklahoma hospitality and making new friends!

If I can assist with additional information, please feel free to contact me.

Sincerely,

Kelli Payne

2019 Longhorn Opportunities Spotlight Sale

Dear Texas Longhorn Friends:

I would like to invite you to the Longhorn Opportunities Spotlight Sale. This is a unique opportunity to showcase the animals and the ranches that are participating in the sale. You now have the ability to utilize genetics that these programs have been building around to enhance your herd. The venue will be at Oklahoma National Stockyards in Oklahoma City on April 6, 2019. Cattle unloading will be on Friday morning starting at 10 a.m. On Friday evening we will have a wine, beer, and bourbon tasting with heavy hors d'oeuvres with live music.

For those of you unable to make it to OKC, the sale will also be on the Internet via Hired Hand Live. If you have questions in advance on any of the animals, I encourage you to call the ranches who are selling and ask questions regarding the individuals you are interested in. These ranches are passionate about their livestock and want to help you any way possible. I am also available to answer questions you may have.

We have many cows that ring the bell, and are able to classify as a Cash Cow. A unique offering in the sale will be the opportunity to buy an elite Longhorn embryo pregnancy or ET calves on the ground. We have one amazing herd sire available as well.

We thank the Oklahoma National Stockyards for allowing us the opportunity to bring Texas Longhorn cattle back to OKC where they made such an impact to help develop the city. The Oklahoma National Stockyards is one of the longest running livestock selling facilities in the United States. There is lots to do and see in this beautiful city. Hope you are able to make it in for what will be a great and memorable event.

Sincerely,

Justin Rombeck

Spotlight on 2019 Longhorn Opportunities Customers

Terry & Sherri Adcock * TS Adcock Longhorns * Lamesa, TX

TS Adcock Longhorns became a reality in 2006 when we finally quit talking and bought two bred heifers and a weanling heifer and began building a program for breeding the all-around Longhorn using top, proven genetics. We make our living growing cotton four miles north of Lamesa, TX. But our passion is our kids, grandkids and Longhorns. The first years were influenced by Boomerang C P when Terry went to Kansas to get a cow and, instead, came home with a Boomerang C P son. Right now we are using the genetics of Concealed Weapon and JP Rio Grande in two of our herd sires, TS Magnificent Ken and his son TS Lone Star 22/5, and the genetics of Cowboy Tuff Chex and JP Rio Grande in a third, TS Red River Tuff. Our bulls are young, but they are producing some outstanding offspring that we are really excited about. Terry and I enjoy being members of all three associations. We have made many wonderful friends since starting out in this business and have so many to thank for sharing their knowledge and expertise with us. It is an exciting time to be in the Longhorn business!

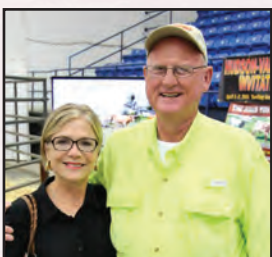

Ron & Lisa Bailey * FMB Land & Cattle, LLC * Belton, TX

Got into longhorns in 2015. We love that our family is involved and is passionate about this wonderful breed of cattle as we are. We are striving to achieve a great lineage of cattle by developing ones with admired color, structure, and the sought after horn development. We are running two different registered Longhorn bulls on exciting groups of females and we're so pleased with the calves that are currently hitting the ground. Moving forward will be more engaged with the horn showcase and attending for futurities.

Gene & Jolie Berry * Rocking B longhorns * Baton Rouge, LA

Gene and Jolie live in Baton Rouge and got their first Longhorns from nearby breeder, Johnnie Hoffman. Active in the breed, Gene served as President of the Ark-La-Tex Affiliate. With other Affiliate members he and Jolie helped host the annual TLBAA meeting in New Orleans. They also were local hosts for a Cow College event held at LSU. Gene served two terms on the TLBAA board and most recently served as the first chairman of the Hall of Fame committee. With Gene retired from his heart surgery practice, he and Jolie have continued their pursuit of quality Longhorn breeding with added vigor.

Lauren and John Clark * Buffalo Gap Longhorns * Buffalo Gap, TX

Lauren and John Clark, began raising Longhorns in 2013. The original seven cows were purchased from CedarView Ranch, and they partnered with Todd McKnight in the ownership of FL Rio Maxine for the purpose of utilizing flushing on this great producer. On Todd's advice they also hired Justin Rombeck as an advisor for their breeding choices and for assistance in Longhorn sales.

They purchased RC Pacific Mermaid in 2016. Mermaid is the ultimate cow with 5 over 80" offspring by the time she was five years old. The foundation herd now consists of three Casanova x FL Rio Maxine cows, four RC Pacific Mermaid heifer calves, two Mermaid bull calves for future use, and several exceptional two year olds. Buffalo Gap Longhorns is focused on producing the highest quality Longhorns possible with the focus being stacked genetics of top quality animals.

Rusty & JoAnne Clark * J Bar J Longhorns, LLC * Osage Beach, MS

After 25 years in the marine business on beautiful Lake of the Ozarks, I retired. It didn't take long to realize I needed to find another passion. Drawing on my curiosity and fascination for majestic Texas Longhorn cattle, I started out cautiously by purchasing a steer named Buddy. We fell in love with Buddy and knew he needed friends if he was going to be happy in his new home. We were referred to Oren O'Dell who helped us with our next purchase of four heifers and a bull. A new chapter was written and J Bar J Longhorns was conceived. We are breeding for the total package animals with deep pedigree's. We utilized LLL Maxamillion for four breeding seasons, and are currently using Cowboy Casanova Pride to take us to the next level. Please visit our website www.jbarjlonghorns.com

Tim and Nikole Clark * Clark's Ranch * Sutherlin, OR

Tim and Nikole Clark established Clark's Ranch in 2014 and are based out of Roseburg, OR, which is in the heart of the Umpqua Valley in Douglas County Oregon. It wasn't until February 2018 that we ventured into the Texas Longhorn cattle breed, and it didn't take long for us to become addicted to these beautiful animals. They each have a story and become a part of the family, especially to our kids. We have only been engaged with the Texas Longhorn Community for a short time; however, everyone we meet is happy to help in any way possible. We have appreciated their knowledge and dedication to the breed, and we look forward to growing our ranch and increasing genetics throughout the years to come. Our gate is always open for longhorn lovers to visit our ranch, and we hope you'll stop by for a tour.

Todd & Amanda Danley * ANB Ranch * Sweetwater, TX

ANB is a family owned and operated ranch. Each one of us enjoys spending time with the cattle and the time spent as a family. Todd is self employed and owns & operates a crop insurance agency with his father in Seminole. Amanda is a teacher at Seminole ISD and has taught Pre-K for the past 13 years. Sarah and TJ help as much as they can at the ranch and fight over the name of each new calf. We started out with two cows from Rocking O in Lockhart and our herd has grown from there. Although we are new to the breed it is our goal to grow our herd with the best quality Longhorns we can by focusing on conformation, horn, color and disposition. We are proud to have King Cowboy as our herd sire out of Cowboy Chex and Hubbell's Queen Blade. He has a ton of horn, great coloring, huge body and great temperament.

Alex Dees * CR Longhorn Ranch * Harper, OR

Welcome to CR Longhorn Ranch, where Alexandra Dees is striving to raise quality registered Texas Longhorns in Harper, Oregon. We want quality animals that can handle a harsh winter. We want females with perfect structure that can handle rough terrain, as well as strong emphasis on horn, color, milk, and fleshing ability. We have used sons of industry leading females that are loaded with maternal power. The baseline for the past few years has been Archer Texa and Concealed Weapon. The daughters they have given us are invaluable.

Richard & Jeanne Filip * Bentwood Ranch * Fayetteville, TX

Since entering the Longhorn business in 2000, Richard and Jeanne have been major players in the industry and their breeding program has produced some of the finest Longhorns in the business. A partner in CV Cowboy Casanova, his offspring have set sales records. The Filips recently acquired Cowboy Tuff Chex, Guinness Record holder for the longest tip-to-tip bull at 101". The Filips also own M Arrow Chaching, the longest total horn cow in the industry at 129" total. Their herd has six over 90" TTT cows and twenty-three cows over 80" TTT. Richard was 2014 Millennium Futurity Exhibitor of the year and 2017 TL-BAA breeder of the year. Through an aggressive embryo program, the Filips continue to produce genetic crosses which produce color, conformation, milking ability, and awesome horn growth.

Pat & Janet Gleason * Big Valley Longhorns * St. John, KS

We are a 3rd generation farm and working cattle operation located in central Kansas. Today we carry on the same farm and ranching traditions as our great-grandparents did on the exact same land. Our program is focused on betterment of the breed and raising total package animals. Janet enjoys visiting about Longhorns and also attending sales and events. You can reach Janet at 620-804-0324 anytime or email her at janetkeller@wildblue.net. www.bigvalleylonghorns.com

Keith and Marcia Hagler * Hagler Ranch * Taylor, TX

Keith and Marcia Hagler are owners of Taylor Auto Credit pre-owned car dealerships, Loanco Inc. and Hagler Investments. All located in and around Taylor, Texas. They have 2 daughters and live on Hagler Ranch just outside of Taylor. They fell in love with the Longhorn breed back in 2008, but the last few years have really been trying to build a breeding program of sound genetics.

Kent & Sandy Harrell * Harrell Ranch * Tulsa, OK

We purchased the first part of the Harrell Ranch in 1987 and began raising crossbred beef cattle. In the early 1990s we went to the Tulsa State Fair, met John T. Baker, Wes & Carrie Hill and several other Longhorn breeders who were showing at the fair. We were instantly hooked on these beautiful animals with their unique attributes, their long history and their iconic contribution to the American West. Within 10 years we sold both the commercial and the registered Angus herds and have been totally focused on Texas Longhorns ever since. We constantly strive to improve the horn, confirmation, color and disposition of our animals. Some of our more outstanding animals include Rebel HR, Rowdy HR, Big Red HR, HR Slams Rose, and HR Rio Rose.

Tucker & Carrie Hilbert * Rockin Hil Ranch * Bennington, KS

Our family is very excited about becoming part of the Longhorn community and developing new relationships. We are excited about our genetics and the colorful, long-horned animals to come! If you're passing through feel free to call and visit our ranch.

May God Bless you and your herds!
Tucker & Carrie Hilbert
www.rockinhilllonghorns.com

Kelli & Todd McKnight * CedarView Ranch * Pittsburg, KS

In 2001, Kelli and Todd McKnight's Longhorn journey began with a tiny herd of 3. They named their ranch CedarView. Through on-the-job training, trial and error, Todd and Kelli, along with their 3 children, fell in love with the care and raising of this wonderful breed of cattle. With the assistance of Longhorn Opportunities for the past 13 years, their program is producing Longhorns with a fantastic combination of pedigree, horn, conformation, disposition, color, predictability, and consistency.

CedarView Ranch utilizes (ET), (AI), and exceptional herd sires for natural breeding. They raised and used CV Cowboy Casanova for many years, which has now produced the next generation of elite heifers. They have also produced some of the top bulls in the industry such as CV Casanovas Magnum, Tuff Stuff, and CV Call of Duty. Raising Registered Texas Longhorns has become not only a business but an enjoyable hobby for the McKnight family. They are constantly reminded through their cattle of God's power, incredible creativity and abundant blessings.

Pat, Mike & Nick Mills * Pecan Creek Longhorns * Taylor, TX

Pecan Creek Longhorns was established in 2015 by Mike and Pat Mills, and their sons Nick and Lance. Born and raised in Taylor Texas, a small agriculture rich community NE of Austin, it came as no surprise to Pat when Mike told her he was interested in raising Longhorns. Soon after, that dream became a reality and a family partnership was formed. After receiving recommendations from friends in the business, Pecan Creek Longhorns decided on developing their herd with registered Longhorns because of their unique qualities and highly sought-after breed recognition. Their goal is simple: build a solid, reputable program from the ground up, from some of the most complete animals in the industry, that anyone would be proud to own.

Shilo & Nick Noyes * Running N Longhorns * Fruitland, ID

We started with Longhorns in 2011 as a hobby because I thought they were so unique. Shilo and I have three daughters Allison, Kylee and Reagan who all help with the cattle when needed. We are now focused on raising a Longhorn that has size, color and horn. Pacific Cowboy 40 has been a game changer for our program, his heifers are looking great.

Scott & Amelia Picker * A & S Land & Cattle * Dundee, OR

A&S Land and Cattle is located in the heart of Oregon's wine country. Scott and Amelia Picker are coming into their 6th year of raising Longhorn cattle and they are still as enthusiastic as the day they started. Scott does most of the day-to-day, Amelia is the vet, Carson (16) feeds and Emily (14) does the halter breaking. It is truly a family effort and well worth it. 2017 accomplishments included Grand Champion Mature Female and Grand Champion Heifer at the Deschutes County Fair. The Picker Family is well into their Longhorn addiction and looks forward to working with the breed for years to come.

Cliff & Elizabeth Schroeder * Lone Star Ranch and Cattle * Whitesboro, TX

We recently retired and bought some acreage outside of Whitesboro. We've always thought it would be cool to have Texas Longhorns. Being very new to the industry, our first purchase 2 1/2 years ago was basically "yard art". We've thoroughly enjoyed having them and watching the herd grow. In the past year, we've gone to some auctions and seminars. After learning more, we realized we wanted to breed quality cattle to make this more than a hobby. We are now in the process of selling some of our original herd, keeping some for embryo recip, and purchasing cows with quality bloodlines.

Chad & Janell Smith * Smith Longhorns * Killdeer, ND

Chad, Janell, Rope, Bailey, and Cinch Smith of Killdeer, ND had been raising longhorns for years, when we decided to pursue a different avenue and raise quality Longhorns with a focus on the total package – horns, conformation, and color. Through the help of modern technology, we have been able to build a program with quality genetics.

Brad & Michelle Spray * Crooked Horn Ranch * Sharon, OK

Brad & Michelle Spray live in rural Sharon, OK with their two children Taylor, 7, and Ridge, 1. Brad is co-owner in a construction business and Michelle is a procurement specialist for a chemical manufacturing plant. After losing twin boys in 2015, God helped us with the loss by bringing us to the Texas Longhorns. We have since developed a passion for them. Brad is an avid hunter and travels to Colorado and Kansas for elk, mule deer and whitetail deer hunting. The cattle have become something the whole family can enjoy. Last year, they named the ranch after one of the first four Longhorn cows they purchased. The ranch now consists of 20 head of Longhorn cows and a handful of angus-cross cows. They are excited for what the future holds in the industry, meeting other enthusiasts, and building a stronger total package herd.

Breeding: Bred to JBR American Patriot.

Comments: OCV'd. Just love the breeding on this heifer. Her horns are coming forward and up but if you look at the tips she is rolling out. I do feel she's going to make a very twisty horn cow by the time she's done. The calf in her belly is going to add two more 90" animals to the pedigree. The calf will have Eternal Diamond, ECR Eternal Tari, Royal Reputation, Horseshoe J Example. We want this heifer to generate as much money as we can for a very worthy cause. The children's hospital is not-for-profit and it's helped touched thousands of lives. We will take small donations in advance if that's all that you can do. We say God bless to all of you for your generosity.

Breeding: Exposed to JBR Net Worth from 5/1/2018 to 9/15/2018.

Comments: OCV'd. As this is our sale, we wanted to represent the type of cattle we are utilizing to take our program to the next level. This cow is outstanding. RJF Xcelerator has proven to be an amazing sire. We have been incorporating Texana Van Horne into our program at any opportunity.

On the dam side you will find Reflec Bar, an extreme twist cow that has it all. This pedigree is not bred for early horn growth, but it will never stop. Her maternal grandsire is M.C. Super Rex that sired the almost 100" TTT Rex's Red Rose. We are offering to buy back a resulting heifer calf at 25% of what dam sells for. Net Worth daughters are averaging over \$8500.

Comments: OCV'd. Large bodied female that has horns rolling out nicely. Elsa's sire is from two icons, JP Rio Grande and Texana Van Horne, both huge contributors to our industry genetically as well as the financial contribution they help to generate. Elsa's dam was purchased at the Legacy Sale for \$20,000 and has numerous grand daughters in the 80's TTT as well as a grand son that is pushing 90" TTT. This family has lots of size, milk and longevity bred into them. Elsa's bull calf from last year should be over 40" TTT at 12 months sired by Cowboy Casanova Pride. Her Net Worth calf should be incredible. Buy with confidence. No holes.

Breeding: Exposed to DG Eternally Cool from 5/1/2018 to 9/18/2018.

Comments: OCV'd. This gorgeous cow is the true phenotype of what a longhorn cow should look like in structure. Her horns are rolling over nicely. She combines two of our favorite cow families. Her dam is a full sister to JBR Sesquicentennial Gal. Sire has one full sister over 90" TTT, another full sister that is upper 80's and a half sister out of Lady Monica that is over 90" TTT. JP Rio Grande Speaks for himself. Service sire DG Eternally Cool's granddams are Shadow Jubilee and ECR Eternal Tari, as well as a double shot of WS Jamakizm. Has grown a lot of horn since photo was taken this past summer.

TERMS AND CONDITIONS

1. **BIDDING:** Each lot will be sold to the highest bidder with reserve. All buyers must be registered with a buyer number and must have proper identification. All bidders must be at least 18 years of age. On line bidding platforms must have their buyers approved prior to the auction by Auction Management.
2. **RESERVES:** Reserves must be given to the Auctioneer Only. No Reserves will be accepted once the auction has started. Removing of a reserve will be accepted.
3. **BIDDING DISPUTES:** The Auctioneer in charge will settle any disputes during the auction as to bids, and his decisions shall be final.
4. **TERMS:** Terms of the auction are cash or check. Payment from proceeds with a negative balance is not permitted. Checks are to be made payable to: Lemley Auction Services. All billing must be pre-approved by Auction Management prior to check out.
5. **POSSESSION:** Immediately after lot is sold, it will be the sole risk and responsibility of the buyer thereof, but possession cannot be obtained by buyer until payment is made.
6. **TRANSFERS OF TITLE:** On sale animals, Texas State Health Requirements should be considered by bidders before purchasing. All animals will be transferred to registry of their choice, but must be indicated at time of check out.
7. **GUARANTEE:** Guarantees are strictly between individual consignor and the purchaser at the auction.
8. **NOTICE:** The purchaser must look to the seller for fulfillment of all or any guarantees and representation made hereunder and not that of Lemley Auction Services or auction staff.
9. **REPRESENTATION:** The Auctioneer is acting as an agent of the seller and all representations made by the Auctioneer are made on behalf of the seller. The Auctioneer is not responsible for the acts or behavior of the seller. Any action or recourse will be directed to the seller and not to the Auctioneer.
10. **ANNOUNCEMENTS:** All announcements or changes from the auction block shall take precedence over information printed in the catalog.
11. **LIABILITY:** All persons who attend the auction do so at their own risk. Sale manager and anyone connected with the sale assume no liability, legal or otherwise, for any accidents that may occur.
12. **CONTRACT:** At the drop of the hammer the above terms and guarantees shall constitute a contract between the buyer and seller of each lot sold.
13. **TRANSPORTATION:** Delivery of purchased lot will be at buyer's expense or can be arranged by seller.
14. **OFFICIAL PAPER WORK:** Official load out paper work will be submitted to the buyer when payment is received. All official paper work for Scratched lots and Pull Outs will not be handed out on sale day. Paper work will be mailed after sale day. No animal can leave the sale facility until a load out/receipt bill of sale is signed by a member of auction staff.

DELIVERING EXCELLENCE - EXCEEDING EXPECTATIONS

I'm Justin Rombeck, dba Longhorn Opportunities. I have been working as a breeder of Texas Longhorns for 22 years. I worked as ranch manager for 3 years before deciding to start Longhorn Opportunities. It gives me so much pride and excitement to help so many programs utilize breeding strategies to develop top tier animals and become industry leaders. Listed below are the areas I can address to help ranchers reach their short term and long term goals.

LONGHORN OPPORTUNITIES PROVIDES THE FOLLOWING CONSULTATION SERVICES:

- Individualized breeding decisions to increase productivity in brood cows.
- Herd sire selection to develop a program for greater productivity and development. Identify females that will complement the herd sire to maximize profits.
- Recommendations on eliminating animals that are not productive or profitable. Discussing animals that have physical flaws or temperament issues that are not desirable.
- Developing herd health solutions to insure a healthy productive herd. This includes nutritional planning.
- Developing a strategic mating program for AI, ET, and IVF. This includes pre-purchase background checks to determine that the animal will be productive and profitable within your breeding program.
