# Butler Breeder's Invitational

## Registered Texas Longhorn Cattle

September 5, 2020

Dear Texas Longhorn Breeders,

We would like to welcome you to the 2020 Butler Breeder's Invitational. This will be our 23rd annual sale. Each year, the Butler Breeder's Invitational is committed to offering not only the finest in straight Butler cattle, but the finest in Texas Longhorns as well. This commitment is shared by our consignors and we are proud to be associated with them. We encourage you to contact them if you desire additional information on any of the sale lots. As Butler Texas Longhorn breeders, our commitment is two-fold. To the cattle, our commitment is to preserve and promote them to the best of our ability. To the people, it is to treat everyone with respect and welcome you as if you were a guest in our own home.

Obviously, 2020 has been an unprecedented year as the coronavirus has affected all our lives. It was certainly not an easy decision to have a sale this year, but we felt it was important that we try. As one can imagine, these decisions must be made months ahead of the sale. We will be following all local, state, and federal mandates. We plan on sanitizing, social distancing, and mask wearing. While we want everyone to enjoy the Butler Breeder's Invitational experience, the health and safety of you and your family is our top priority. We understand that many breeders may not feel comfortable attending the sale in person and we fully support your decisions. But we want everyone to know the sale will once again be webcast by [www.hiredhand.com](http://www.hiredhand.com). There will be bidding on the webcast and the sale can be viewed on your computer, tablet, or phone. If you are interested in using this service, please visit the Hired Hand website for more information. If you can't attend in person, we strongly ask that you please join us online.

This year will again feature a large selection of heifers. These are extremely high quality with unlimited potential. There are also proven producers and bulls that can make a positive impact on any program. Whether your interest is in the history of the bloodline and the continuation of the last viable pure family of Texas Longhorns that still survives or adding Butler genetics to blend programs as the essential key ingredient for superior results, top breeders have long recognized that the best Texas Longhorns in the industry all have one thing in common: Butler Genetics.

We invite you to return with us to Lockhart, either in person or virtually, for the great cattle and fun times the Butler Breeder's Invitational has come to represent. As always, for everyone associated with the Butler Breeder's Invitational, we thank you for your interest and participation.

Kaso Kety

# KMD Voodoo RL

**Consignor: Roberts Longhorns - David & Sharon Roberts**

PH No. 17 TLBAA No. C306455 Born: 4/26/2017  
 Color: Red with white forehead  
 Bangs Vaccinated (OCV): Y  
 Breeding Information: Exposed to FA Jupiter from 12/8/19 to sale.

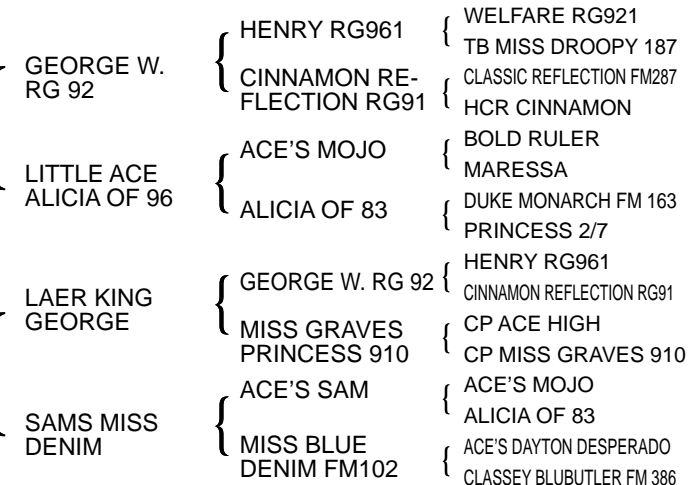

**COMMENTS:** This beautiful heifer was at the side of her dam, Princess Denim KMD, Lot 68 in the 2017 20th anniversary Butler Breeder's Invitational Sale, that we purchased for \$9500. What a great buy they have been for our Butler program. We are keeping her first calf heifer as a replacement and offering her up for your consideration. She is exposed to our main herd sire, FA Jupiter, for a sure to be her next knockout calf!! Bid with confidence on these time tested genetics right from the heart of some of the icons of our breed's herds.

## Superior Jane TH

**Consignor: Hooks Longhorn Ranch - Russell & Felicia Hooks**

PH No. 6/7 ITLA No. 282983 Born: 6/19/2017

Color: White with red spots

Bangs Vaccinated (OCV): Y

Breeding Information: Heifer calf at side born 12/3/19 sired by Ace High 8/7. Exposed to Ace High 8/7 from 12/3/19 to 5/10/20.

COMMENTS: This young first calf heifer has a pedigree stacked with a number of high selling animals. She is a daughter of SCC Quantum who is a son of the legendary sire Superior and out of SCC Bold Lady (Bold Ruler x MF Blue's Jumbo) who was a high selling lot at this sale a few years back. Jane's dam is a daughter of Red Bull and Miss Red Jeans (a top seller in this sale as a heifer) which gives you a double dose of Miss Rocky Denim (a past high seller), Miss Blue Denim FM 102 and a touch of Mesquite MC 59. She has a nice December 3, 2019 heifer calf at side and bred back for a 3-N-1 package.

COMMENTS: This young first calf heifer has a pedigree stacked with old time proven genetics and will get your program closer back to the original Butler cattle. We are offering her only because we still own her dam and several sisters. She is a daughter of SCC Quantum who is the son of legendary sire Superior and out of SCC Bold Lady (Bold Ruler x MF Blue's Jumbo) who was a high selling lot at this sale a few years back. Red Sage's dam is a daughter of the great old Sage Dode bull who was a son of Dode's Boy and the great Monarch Missy cow. Her dam also goes back to other greats like Rattlesnake, Bold Ruler, F M Graves 102, Graves 52, Monarch, Conquistador, Classic and Rose Red. In addition to a great pedigree, her dam is my best producer and Red Sage is following in mom's hoofprints. She has a nice November steer calf at side and bred back for a 3-N-1 package.

# Dalgood's Chantilly Lace

Consignor: BPT Longhorns - Ben & Phyllis Termin

PH No. 850 TLBAA No. C269787 Born: 12/31/2008  
 Color: Roan  
 Bangs Vaccinated (OCV): Y  
 Breeding Information: Exposed to Mesquite MC 1/4 from 12/1/19 to 8/30/20.

COMMENTS: Lace has done exactly what we hoped for when we bought her at the Butler Sale years ago. She has produced flashy speckled up calves. Farlap Chex, Ace's Mojo, Ace's Betty Butler and Delta Rockette are just a few of the greats in her pedigree. Gentle disposition that seems to pass on to her offspring. She sells bred to Mesquite MC 1/4 for another great calf. We hope you will consider her for many years of production to come.

PH No. 0/18 TLBAA No. C278059 Born: 9/1/2010

Color: White with brown specks on side

Bangs Vaccinated (OCV): Y

Breeding Information: Exposed to BPT Ebenezer from 2/24/20 to 8/31/20.

COMMENTS: Songbird is one of the calmest cows in our pasture who consistently produces good calves. She is a Little Ace Oscar Cain daughter and her dam is the heavy horned Danielle Dode. Her latest knock-out heifer from BPT Ebenezer is being retained to keep her bloodline in our herd. She has been exposed back to Ebenezer from February 24, 2020 to August 31, 2020. This combination will be dynamic, because this sire has consistently produced colorful calves for us this year.

COMMENTS: We bought Hayley from Elmer and Susan Rosenberger as a young heifer as we were getting started with this wonderful breed. She has done nothing but outproduce herself with every calf. With a pedigree of Butler greats on top and bottom, she will produce nothing but good things with any bull. Gentle disposition. COMMENTS: We wanted our first consignment to the Butler Breeder's Invitational to be special. What better way than offering our first ever Butler cow from Rocking P Longhorns -- Brennan and Michele Potts. Sparkle Lee is a Wrangler Chex daughter with tons of color and nice lateral horn. She is a very gentle cow, likes to be hand fed and raises a nice calf every year. Breeding Information: Bull calf at side born 6/8/20 sired by SDY Camelot. Exposed to Moon Rock HR from 6/8/20 to sale.

COMMENTS: This cow has really been a producer for us. We are keeping the last 2 heifers out of her as replacements and she might be a 3-N-1 package. She has a Camelot bull calf on her side and is exposed to Moon Rock HR for a possible 3-N-1. RVR Ranch offered this young cow at the BBI in 2015 and she has been a great asset to our herd -- an easy keeper that will eat out of your hand and will be a GREAT addition to your herd. You can't go wrong with this one. She has some elite animals in her bloodline like Monarch, Farlap Chex, R3 Santana, Mona Dode RK66, K Trina Graves and Dark Star BR 3. To top it off, she's bred to Moon Rock with over 80 inches of horn; you can't go wrong with this one.

# ***Pure Butler Texas Longhorn***

A pure Butler Texas Longhorn is a longhorn whose genetics trace back to only cattle originating in the herd of Mr. Milby Butler. This is a very simple statement to make but determining which cattle do indeed trace fully to the Butler herd has been far more complicated.

There are seven accepted subfamilies within the Butler bloodline. They are the herds of the Partlow family, F.M. Blackie Graves, the Meshell family, Ruel Sanders, Luman Holman, Forrest Lepper, and Virgil Shinn. Over the years all of these herds, except those of Lepper and Shinn, contained longhorns of non-Butler breeding in addition to their straight Butler animals. There are also Butler cattle which do not fall into these subfamilies. These would be found in herds such as J.W. Isaacs, the Wright family, and Pauline Russell. There also existed a group of animals which lived within these subfamilies and throughout the breed that were claimed to be straight Butler but which, as a result of paperwork mistakes, carried pedigrees that did not reflect their true genetic heritage. To determine which cattle did or did not trace fully to the original Butler herd, extensive and exhaustive research was done. Countless numbers of conversations and interviews with scores of people were conducted. Thousands of photos were viewed or taken. Pedigrees, personal notes, and records were examined. We saw everyone and everything that had a connection to Butler cattle. We heard facts, legends, lore,

lies, theories, rumors, secrets, innuendo, and accusations. We have the testimony of the men that registered these cattle. It was concluded that there were in fact quite a few that were unquestionably straight Butler, many of which were some of Milby's very best. If they were truly 100% Butler, shouldn't they too be included in the bloodline? We said yes. In the end, one factor alone guaranteed acceptance as straight Butler: the brands. Unlike paperwork, which becomes separated from the animal, brands stay with the animal for life. And as any good cowman knows, brands tell a cow's life story. If the brands identified it as Butler, then it was Butler. A Butler brand verified its true ancestry and simply reflected mistakes made at the time of registration, usually when the cattle were already mature. Anyone understanding the pitfalls and limitations of beginning a registry for a breed as diverse and old as the Texas longhorn can see how a breed that historically had survived for so long on their own, would have a family tree that would be hard to recreate and document. Many cattle regrettably were rejected because they did not have the proper brands to serve as irrefutable proof. What remains is a group of cattle which we can stand behind and know in our hearts are among the purest Butler Longhorns available.

Some would ask who are we to make such decisions and what gives us the right to do so. No one gave us the right; we stepped up and seized it. We are the Butler Breeders. We have always been

Butler breeders. We bred and promoted straight Butler cattle while Texas Longhorn industry psychics and consultants predicted that pure Butler cattle were a fad that would not last; that was in the 1980's. We're still raising pure Butler cattle. We did the research and we did our homework. Your sale hosts alone have over 75 years of commitment to this bloodline. Along with the help of other Butler breeders respected for their dedication to and knowledge of this bloodline, the Butler Breeder's Invitational screening committee pledges to offer only the best representatives possible. This includes the rejection of animals that do not conform to the genetic and phenotypic criteria required. Simply having papers that reflect a straight Butler pedigree does not guarantee acceptance to this sale. Unfortunately, breeders that disagree with our standards may suggest impure motivation on our part. But for us, this is about the cattle, not about people. Our goal is to raise the finest, 100% genetically pure Butler Texas Longhorns possible so as to preserve this magnificent bloodline for the future. Butler cattle have been our love and our lives. We hope Mr. Butler would be proud.
