Welcome to the CHERRY BLOSSOM SALE

Dear Texas Longhorn Breeders,

Welcome to the 2020 Cherry Blossom Sale and Futurity! We are thrilled you made it out to the Culpeper Ag Facility that is once again host to this great event, which has become a spotlight of the East Coast and the quality cattle you have been producing.

It has been a joy over the years to see the East Coast Market thrive. From new breeders stepping in and becoming active, to older breeders continuing their legacy of integrity and helping those around them get started. We can all learn a lesson from each of you as to how we should conduct ourselves helping and at times, putting others above ourselves.

The Longhorn Legacy Group is excited to offer you the Annual Cherry Blossom Sale once again. We have a wonderful lineup of some of the best cattle the East Coast has to offer. To each consigner, sponsor, and participant, we thank you for being here. The Longhorn Legacy Group is dedicated to preserving the history and integrity of our great breed all while running professional events that will leave you with memories of a great time shared with your Longhorn family.

We encourage you to say “hello” to a new face this weekend. We were all once newbies into the Longhorns and a simple hello and handshake goes a long way to welcoming new members into our Longhorn family. We hope that you take in all the Cherry Blossom has to offer this year. We would also like to thank Ann Gravett for generously hosting the Friday Night Social. As always, we love to hear input from participants and attendees as to how we can better serve you! We hope you enjoy your weekend at the 2020 Cherry Blossom Sale and Futurity! Thank you to all the East Coast Breeders setting the example.

Sincerely,

The Longhorn Legacy Group

Ann Gravett, Bear Davidson, Lane Craft, and Mike Casey

COMMENTS: OCV'd. Fancy was 61" TTT @ 25 months. Her sire, RZ Josey Wales is over 90 1/2" TTT and her grand dam, Snowy Maid, was one of the "elites" that came from Ben Gravett's breeding. Fancy is bred to our herd sire RZ Walkin Tall who measured 93" TTT in early 2019. His dam, RZ Tempress is now over 100" TTT. Fancy is colorful, and will be a large bodied cow with a huge amount of lateral horn.

COMMENTS: OCV'd. Check out this lateral horned roan heifer. Aspens Petunia is a heifer that we feel is going to be very special. She is out of our over 80" bull Tuff It Out who is out of the World Record Holder Cowboy Tuff Chex. We have left her open so that you can take her home and breed her to the bull of your choice. This heifer will be a huge horned cow. Take her home and watch her grow. You won't be disappointed.

BREEDING: Bull calf at side born 10/31/19 sired by HBR Fantom Safari Chex. Exposed to HBR Outlaw Josie from 11/1/19-Sale Date

COMMENTS: OCV'd. If you know me, you know that I hardly part with my Monika's Sun daughters. This is one of the oldest on the ranch that I have and my breeding plan at work. She has it all, horn, structure and production. Take a look at this pedigree going back to Night Safari and Lady Monika! She has a bull calf at side and is exposed back for a possible 3-N-1. This one stings, but I wanted to bring my best to town!

Rain is confirmed bred to Jeremiah 29:11 for an early summer calf. Jeremiah has won multiple awards and was over 80" TTT at 30 months and predicts 96.62" TTT at maturity. COMMENTS: Nice 50/50 daughter with RHF Sharpshooter (Sire of Houdini, Patton and Sniper) and the legendary Phenomenal Abigail who is probably the best Phenomenon daughter he produced. She produced our junior herd sire and a very nice yearling heifer for us. She is near 80" TTT as she turns 5 years old.

BREEDING: Not Exposed

COMMENTS: OCV'd. 2NR Valentina is an excellent young heifer just waiting for your bull to sweep her off her feet! Pay close attention to her pedigree and don't be afraid to extend it out even further to 3-5 generations. You will find some of the biggest names today, like Fifty-Fifty BCB and Bandera Chex, but you will also find some great YO breeding, a legendary program with incredible twist genetics. Her maternal grandma, YO Feckled Cowgirl, has given her the makings of a beautiful twist. With patience, you will be rewarded with a stunning cow in a few years that should milk like a dairy cow. Don't let this beauty get away from you!

BREEDING: Exposed to Sniper from 11/28/19-2/15/20

COMMENTS: OCV'd. We love this cow. We love her whole family. She stays in great shape all year long and is such an easy keeper. She is easy to work. You'll have to see her horn set to really appreciate it as they twist right out of her skull and never cross in front of her head. Whether it is red and white or black and white, she produces carbon copies of herself. She's got a huge bag and always milks great. One teat does swell up until the calf nurses it back down. Her sire brings in Rio X Johnie Hoffman breeding that Loomis built his whole program around. She also has the same momma as our 90" TTT Miss Diamonds cow. She's blood tested bred to the 87" Sniper and Johnes Negative.
