RM

Welcome to the RM and our 40th Anniversary Sale!

This year marks our 40th anniversary. Who would have ever guessed that we would be blessed to still be seeing old and new friends at The Fiesta Sale after all these years? We are excited to have you here to witness what we believe is our best set of sale cattle ever.

This year brings new excitement to our sale. Mike and Holly Davis of Lucky Mountain Ranch have joined us to host the RM Party following the Friday night sale. They bought their first cattle here two years ago and are building a reputation herd. We welcome their participation and know they will help us make the party bigger and better than ever.

The Fiesta Heifer Sale this year presents a very special offering. We asked our consignors to send us the best they had. They didn't let us down. These truly are elite cattle. You could create an incredible herd with the sixteen lots being offered. We strongly suggest you study these cattle as we are confident that they will have an impact on the breed for many years to come. This is your opportunity to buy cattle that normally would not be for sale.

The Fiesta Sale offering has something for everyone. We have some amazing and beautiful heifers, some young cows on their way to stardom and some massive horned cows that can put your program on the map immediately. This year we have two cows that are over 90" TTT. We also have a number of special cows in the 80's. If you are looking for horn genetics, this sale is packed with them.

For those of you who are looking for a proven herd sire in his prime, we have two of them! It is rare indeed when proven bulls of this quality are offered for sale and you almost never see them at auction. RM Checkered Flag is the sire of 3S Danica, the breed's highest selling cow at \$380,000 when she sold at last year's Legacy Sale. He has been used in several small herds with beautiful results. We bred him in our herd for the first time last year to some of our best cows with the intent of keeping his heifers. He has a history of adding horn length to the cows he is bred to. He is also an outcross bull for many of us. RR Sweet Brindle Dust is known throughout the breed and is highly promoted. He is a big, beautiful giant that is well proven. He would not be for sale had Rick not sold his ranch. He can take your program to a new level.

The last special offering that we want to let you know about is a young bull we call The Beast. We purchased him in partnership with Lucky Mountain Ranch and Alan & Teresa Sparger. He will be on display at the sale. Take a look at him. He measured over 70" at 22 months and has everything we look for in a young bull. There will be a few lots offered in the sale exposed to him and for the first time ever we will be offering 2 natural service pasture breedings to him in the sale. We are also offering a semen special of conventional and sexed semen until our sale. This is your opportunity to "take the ride" with us and have calves in his first calf crop. By using him you can benefit from the promotion will be doing on him.

GF AWESOME YATES

Breeding Info: Heifer calf at side 3/6/18 sired by Razzmatazz of RM.

Description: Saucy Aussie is the oldest daughter of RM Aussie Cowboy, a young bull that is rapidly proving to be a powerhouse producer. She has a ton of horn measuring 67 1/4" TTT on 2/6/18. She has incredible cows on both sides of her pedigree. We call her dam Sugar and she is one of our best producers with over 80" TTT. Her granddams are both special cows. BHR Boomerang Beauty is an extreme twist cow with over 82" TTT and GF Awesome Yates was mid 80's when she sold here several years ago. Further back in her pedigree is BL Poco Bueno and her dam LCR Buena Joya as well as the Butler cow Uncurled, the dam of Touchdown. Not only is she loaded with strong cow families but she has several of the breed's best producing bulls behind her as well: Cowboy Chex, Peacemaker, Coach, Boomerang, Super Bowl, Touchdown of RM, VJ Tommie and GF Heavy Hitter, the first over 80" bull in the breed. One could say she is programmed for success. She will have a calf at side sired by Razzmatazz of RM, a Cowboy Tuff Chex X RM Iron Jubilee son (she is a Shadow Jubilee daughter). There is nothing but quality here. OCV'd.

Breeding Info: Exposed to AF Gunslinger from 05/08/2017-05/02/2018.

Description: If you like Hunt's Command Respect's bloodlines, you are going to love this heifer. Willa is a daughter of Iron Hail (Sittin Bull x Hashbrown) who is 82+" and she is out of Winona 10/1, my 82+" Top Caliber daughter. Willa herself measured 64.25" last January when she was just 33 months old, and she is on her way to beat her parents. To top it off, she has size and color that she got from Boomerang (maternal grandsire), and she is bred to AF Gunslinger, my 87" bull who has won his class twice at the LWC. So, she's a big, colorful heifer with both parents over 82" and bred for even bigger horned offspring. What's not to like?

DOB: 09/29/17

TCC HOUDINI — RHF SHARP SHOOTER
 HR RIO ROSE

RR REMY — SAM CHEX 708
 PPF MIMOSA

GRAND DAM: RIO ROSE

GRAND DAM: PPF MIMOSA

GRAND SIRE: SAM CHEX 708

You are buying a FANCY TCC Houdini X RR Remy heifer calf! This little girl has parents that need no introduction. Her sire has created a lot of excitement throughout the industry and will soon pass 90" TTT. Her dam is perhaps our best cow and has massive horns: 77 1/2" TTT and over 102" TH. This heifer sells unbranded so you can put your brand on her and name her. She has all of her shots and is ready to go! The recipient cow is registered. She is Colette Leigh, a BL Rodeo Chex daughter out of a Starliner cow, Texana Tattletale, DOB 7/17/09. She is bred to RR Sweet Brindle Dust for a fall calf, is Johne's free and her calves are Millennium eligible. This is an amazing package.

Info about the calf's sire and dam:

(Sire) TCC Houdini is a young bull that is the current rage. He is owned by the Craft Ranch & Deer Creek Longhorns. He measured over 72" TTT at 24 months old. He measured over 85" TTT at 36 months old. He is currently poised to be over 90" TTT before his fourth birthday in July.

(Dam) RR Remy is a smoking young cow with amazing horn growth and a perfect body. She is Sam Chex 708 X PPF Mimosa. She measured 60" TTT at twenty four months old and is currently 77-1/2" TTT x 103" TH at five years old. She has won five bronzes for us and one was after she tipped 5-3/4" off her right horn. She produced a son named RR Tequila Sunrise that has won multiple bronzes for us.

This heifer offering is going to be an industry icon and she can do it with your name and brand on her.

COMMENTS: OCV. RR Remy is a special three-in-one consignment. Her dam PPF Mimosa is in the top 1/2 dozen cows of all time with 115" TH. Her sire Sam Chex 708 is an awesome producer. Remy has won five bronzes for us and one was after she tipped her right horn. Remy was 35-1/4" TTT at twelve months and 60" TTT at twenty four months old. On 9-30-17 she measured 77-1/2" TTT x 103" TH. She has an RR Escondido Red heifer calf at side. DOB 10-26-17. RR Escondido Red is a living record holder with more total horn at his age than any longhorn bull has ever had - ever. His four year old measurement was 84" TTT x 113" TH. She will sell bred to RR Sweet Brindle Dust for a fall calf. He measures 85" TTT x 115" TH. Remy is John's free and her calves are Millennium eligible.

 RUTLEDGE'S PRETTY WOMAN

COMMENTS: OCV. This is one of the greatest producing cows we have ever owned. She has worked magic when bred to Touchdown, producing excellence in six daughters, one of which is Lot 15 in the heifer sale. She has transferred twist to two of her daughters so far with three too young to show. Two daughters are over 80" and another will be very soon. This is the kind of production we all look for. Mellow Red is bred to Touchdown and still has years of production left in her. Her dam, Mellow Yellow, had a tremendous impact on our program. We highly recommend this family and rarely sell from it. This is your chance to own one from the top of our herd. She would be around 80' TTT had she not broken a horn.

COMMENTS: OCV. Awesome Cheyenne is one of the most beautiful black and white cows ever. The cross of Loomis breeding on the top and Awesome Viagra on the bottom has created a real winner. She has produced spectacular heifers for us out of Drag Iron, Touchdown of RM and RM High Hopes. Her Touchdown daughters are flashy black and white just like she is with a ton of horn. COMMENTS: This is the sire of 3S Danica, the all-time high selling Texas Longhorn cow at \$380,000. Iron Mike was used at Red McCombs Ranches for many years and produced some exceptional offspring. He is one of the greatest sons of Hunts Command Respect and a great outcross bull for many of us. Checkered Flag's dam was raised by the YO Ranch and her pedigree is top notch with RM Whirlwind WR, a tremendous producer in the 90s and a son of the breed great WR 26 as one grandsire and YO Centennial Beauty, the last calf of the great Beauty cow as the other. This bull marks his calves spectacularly. This is a rare opportunity to buy a proven bull in his prime. Selling 100% ownership with possession on July 1, 2018. RM OK Lady PAT 555-
 daughter of Lot 39

COMMENTS: OCV. We bought OK Swoop from Hudson Longhorns. She has produced five daughters for us with Touchdown, one of which sold for \$100,000 to Bill Hudson right here at the Fiesta Sale. We consider RM OK Lady PAT 555 to be among the very best cows we ever raised. We have retained four full sisters to her as well as a daughter sired by Cowboy Tuff Chex. OK Swoop is the dam of RM OK To Be Tuff, a promising young bull we currently have leased out. We like to be able to use old line genetics that have lots of TTT like this cow. Over 80" and bred to Touchdown of RM.

This completes today's sale, remaining lots sell Saturday.

Saturday's Sale Begins With Lot 40.

COMMENTS: OCV. We bought Tipper as a heifer at the Legacy. She is the total package with gorgeous color, 86 3/4 TTT, enormous total horn and a pedigree stacked with horn. The Top Caliber daughters are amazing cows. We always try to sell a few off the top of our herd in this sale and this cow may just be our best. She had a magnificent heifer by Touchdown of RM last year and is bred to Painted Savage for a gorgeous calf.

COMMENTS: RR Sweet Brindle Dust is an industry icon. He is in his prime at seven years old (DOB 11-5-10). He measures 85" TTT x 115" TH. This makes him second all time total horn leader in our industry. He produces horn too. He has won Ultimate Bull, Bull Alley and a lot of Bronzes as well. His straw sales have been solid, selling over 600 straws. Now that he is consigned to a sale, we will discontinue the straw sales and give our straw inventory to his new owner so that we are not competing with their future straw sales. The way he produces horn, his straw sales will have a bright future. The straws coming with him are 988 AI Quality Conventional Straws, 78 Flush Quality Conventional Straws and 62 Heifer Sexed 5.0 Straws. He is an easy keeper, stays at home and comes from a program where he has been Johne's tested throughout his life.

COMMENTS: OCV. Time to sit up straight and pay attention as one heck of an opportunity is right in front of you. Gorgeous CW daughter out of one of the best producing Rio daughters out there. There have been several Linda daughters that have sold for over \$10,000 at this sale. She was just a little under 80" TTT last summer and we expect that she will achieve that magic mark by sale time. She has a powerhouse bull calf at side sired by WS Vengeance, a full brother to WS Vindicator. We have her exposed back to JBR Eclipse to add two over 95" TTT and 1 over 101" TTT animals to that calf's pedigree. If you're looking for a donor cow, she just stepped in the ring. COMMENTS: OCV. What a beautiful twisty horned cow this one is and what a super producer she's been for me! Is she grulla speckled or black speckled? She measures 75-3/4" TTT actual and has been tipped about 4" so should be considered an 80" TTT cow. She's had 4 heifers for me in her young life and I'm keeping her last very good one by Rip Saw. On January 22 she palpated 7

months bred to Rip Saw and should calve before sale date. Rip Saw is a great McGill bred Sittin Bull son measuring 85-7/8" TTT and 96" total and is throwing horn and color. She has Owen McGill, Mike Bowman and Ron and Kevin Asbill breeding (some of the best breeders). She takes care of business and is very sensible but she's never been off my place so may be afraid in the ring. She's an exceptional cow that I will greatly miss. Take care of her please.

Her bull calf from last year was a stud muffin. On her dam side she goes back to PCC Evader over the JR Sassie cow. The Sassie and Lassie line of cattle have been very influential in our breeding operation. She will be bred for a fall calf to Falcon, a Cowboy Tuff son out of Allen's Dark Cherry. COMMENTS: OCV. Total Spectrum has been one of the best overall producers we have owned. Within the first year of owning her, she went to work in our embryo program with amazing results. Some of the heifer calves produced were sold as unborn embryos and weaning heifers, others we retained. Producing a value of almost \$60,000 in heifers alone, this doesn't include the bulls that were produced. She then bred right back to Fifty-Fifty BCB for another 2017 calf that we will retain in our herd. Measuring 81.875" TTT and 99.25" TH on 10/16/17 as a 6 year old, this CASH COW still has a lot of growing to do! She will be bred back to 86" TTT Fifty-Fifty BCB (heifer sexed) by sale date. TARI'S IMAGE

EMPEROR

TARI GRAVES FM49

COMMENTS: OCV. We hadn't intended to sell this cow but decided to end the sale on a high note. This is a Touchdown daughter out of a Tari Graves daughter sired by Emperor. Everybody knows about Touchdown daughters and what they've done for our program. Tari's Image is the only Tari Graves daughter we ever owned. We have concentrated that cow family in our herd. As we produced this catalog we lost her at age 21 so there will be no more daughters to sell from her. She has a TCC Houdini heifer calf at side born 2/19/18. TCC Houdini will soon be 90". What a pedigree the calf has.

Terms and Conditions

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

The warranties and guarantee set forth in the "Terms and Conditions" are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through buyer, for any breach or warranty or guarantees therein provided, and all other obligations or liabilities.

1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and brucellosis within 30 days of sale date. A certificate will be furnished. Cattle have not been tested for any other diseases and therefore it is the responsibility of the prospective purchaser to request any other tests on individual animals from each consignor well in advance of the sale in order to obtain a negative test result for a given disease. Sellers may voluntarily test their cattle for other diseases should they be requested but have no obligation to do so. There is no implied guarantee for refund or replacement of cattle that may test positive for any disease other than tuberculosis or brucellosis after the sale.

6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.

(B) Any female is considered a breeder if she is pregnant at the time of this sale and/or she has a calf at side.

(C) Any bull which either: (1) produces viable semen; (2) settles 1/3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by natural service, and passes a fertility test made by a competent veterinarian during any six month period trial, shall be considered a breeder.

(D) Buyer must notify seller within one year of any breeding problem found in an animal.

8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or overworked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.

(B) Any animal that has not proven itself a breeder within the time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.

(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.

(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.

11. Applicable Law

All cattle (or horses) in this sale are offered according to the laws of the State of Texas. The right to bid, as provided under the law, is reserved for all Consignors, including owners and their agents, unless otherwise announced by the Auctioneer.
