Our first calf from Falcon, and we were lucky enough to get a beautiful heifer. She is an absolute powerhouse of great genetics. She has 3 100" animals in her pedigree. She is a grand daughter of the deceased Allen's Dark Cherry, who has produced 3 daughters over 90," and our Falcon who is over 85." To tie it all together her dam, Tripping on Stars, is on pace to be well within the mid 80's before she is 3 1/2 years old.
