if she were a song the "Melody" line here would be "Simply Majestic " Start by looking at her maternal line on the bottom. Look at her Dam the highly coveted "Helm Ariel 574" (near 90" ttt) and then her maternal grandam "SHR Majestic Mermaid" who is (101" ttt) and the top producer and the longest horn daughter of the legendary "RC Pacific Mermaid" then look at all the proven "Hubbell 20 Gauge" brings to the table in "Maternal Power", !!!
