# WELCOME TO THE RM!

We are very excited about this year's sale. Due to the makeup of this sale this will be a unique group of cattle. We will be selling all of our herd calved before 2016 plus our herd bulls. We have held nothing back. This herd is as proven as any cattle could be. Buyers should recognize this once in a lifetime opportunity to buy cattle of this quality and reputation and it not be a dispersal. We have retained approximately 90 head and several young bulls that will serve as our next generation.

We would like to thank the sponsors of this sale. Their dedication to our sale and the cattle will make our sale better than ever.

We are proud to have them sponsor the Rex and Sherese Glendenning Heifer Futurity and Sale.

# LJL HOT ROSETTA

**CONSIGNOR:** Lazy J Longhorns  
**DOB:** 1/21/2018 **PH#:** 86 **REG:** 279019  
**BREEDING INFORMATION:** She is bred to Cut 'N Edge.

**COMMENTS:** Check out this beauty, she has one of the best horn sets I have ever seen on a heifer. She's in her 60's and going to have a tight twist to her horns. Her mother was also an extreme lateral twist female that really did well for us. Combines the great Farlap Chex and Boomerang on the top side with the great Tempter on the bottom side. She comes to you safe in calf to our son of 93" Cut N Dried. He was over 1320# at 24 months and is pushing 80" before he's 3 years old with a body to die for. Should make for an incredible calf that will be one to watch in future futurities.

To top it off, Oreo sells bred to our Horn Showcase Bronze, Futurity and Superior Bull award winner, KDK Wildfire. He measured 77.5" TTT at just 2 years 2.5 months.

**BREEDING INFORMATION:** Should calve before the sale by The Edge of RM.

**COMMENTS:** This is a sexy heifer with flash to spare, lateral horns and a pedigree that can't be faulted. Her sire is RM High Hopes, a many times proven sire of exceptional offspring. He combines breed greats JP Rio Grande and Shadow Jubilee. In most animals this alone in the pedigree would catch your attention. Then you add a strong bottom side with Top Caliber crossed on a cow that is a Plum Perfect daughter, and that was loaded with twist that was Emperor crossed on the best of Butler. Oh my what a package.

This heifer is not only stunning but she will be as good as her \$40,000 dam, or better. Her dam is an over 90" cow that is Bowman bred and traces to the best Loomis cattle as well as Rio, Boomerang, Farlap Chex and J. R. Grand Slam. **CONSIGNOR:** Beast Partnership

**DOB:** 3/14/2016    **PH#:** 603    **REG:** BI94250

**COMMENTS:** We call him The Beast! When we first laid eyes on him we had to have him. He was the most impressive youngster we had ever seen. We set a breed record for a bull his age when we bought him. Leading breeders joined us in using this bull when we offered semen and he was bred to some of the top cows in the industry. The results are now in and he is proving himself to be the "real deal." We are pleased with the color we get out of him and he adds height and muscle to often improve the cows he's bred to. He measured 85" TTT in September. He has had a bad habit of rubbing both horns down which we believe has kept him from getting to 90". Regardless of that we couldn't be happier with the results we've gotten with him. This bull is being sold to settle up the partnership. Mike Davis and RM both have sons that they will be using. As part of this "share the herd" sale we felt it would be appropriate to offer this bull. We hope that leading breeders will recognize this opportunity to buy a bull of this caliber at auction with NO RESERVE. Selling with 130 straws of heifer sexed semen and 182 conventional. Semen is located at Integrated Breeders

**COMMENTS:** MC Super Rex has a sterling production record with one over 100" daughter. We crossed him on our best Butler cow to get Sexy REXY Lady. She is the dam of what we think was our best young cow we ever produced who died in her third year and had only one calf and she was pushing 90" before age 5. She also has another daughter that is over 80" as a four year old. She has 83 1/2" TTT with lots of productive years left in her. View this cow as an investment and not just a purchase.

# TERMS & CONDITIONS

Except for those stated in the below terms and conditions there are no warranties, either expressed or implied, as to merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction.

## 1. Bidding

Each animal will be sold to the highest bidder. The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

## 2. Terms

Terms of the sale are cash or check or approved credit. Settlement must be made to the clerk at the conclusion of the auction.

## 3. Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold, but will not be delivered until settlement has been made.

## 4. Certificate of Registry

When full settlement has been made, a certificate of registration will be furnished and transferred to the purchaser. Give full name and address to the secretary when making payments so the Certificates of Registry will be transferred properly.

## 5. Health

All animals are eligible for interstate shipment except as otherwise noted. The cattle have been tested for tuberculosis and brucellosis within 30 days of sale date. A certificate will be furnished. Cattle have not been tested for any other diseases and therefore it is the responsibility of the prospective purchaser to request any other tests on individual animals from each consignor well in advance of the sale in order to obtain a negative test result for a given disease. Sellers may voluntarily test their cattle for other diseases should they be requested but have no obligation to do so. There is no implied guarantee for refund or replacement of cattle that may test positive for any disease other than tuberculosis or brucellosis after the sale.

## 6. Announcements

Announcements from the auction box take precedence over printed matter in this catalog. All cattle will be sold by lot numbers, as announced by auctioneer.

## 7. Breeding Guarantee

(A) All animals are guaranteed to be breeders with the exception of: (a) injury or disease occurring after sale, (b) negligence or willful misconduct on the part of the purchaser.

(B) Any female is considered a breeder if she is pregnant at the time of this sale and/or she has a calf at side.

(C) Any bull which either: (1) produces viable semen; (2) settles 1/3 or more of the healthy cows he serves; (3) is the sire of 20 or more animals; or (4) settles cows by

natural service, and passes a fertility test made by a competent veterinarian during any six month period trial, shall be considered a breeder.

(D) Buyer must notify seller within one year of any breeding problem found in an animal.

## 8. Embryo Transfer Guarantee

All donor cows that have been worked successfully in embryo transfer are guaranteed to produce good embryos with the exception of other guarantees stated in the footnotes of this catalog or announced from the auction block. It is understood that these guarantees are valid only if: (1) a qualified person or persons do the transfer; (2) donor cow is managed properly in embryo transfer (i.e. not over conditioned and/or overworked); (3) injury or disease does not occur after the sale and (4) the purchaser is not negligent or willfully mistreats the donor cow.

## 9. Options and Privileges for Return or Adjustment

(A) All claims for adjustment or return must be made in writing within six months of the sale date.

(B) Any animal that has not proven itself a breeder within the

time limits specified above, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the right and privilege of trying for a period of six months to prove the animal a breeder. If proven a breeder, an animal will be returned at buyer's expense. Should the animal fail to breed, the seller, at his option, may either return the purchase price or make replacement of the animal with another of equal value.

(C) Any animal returned must have a veterinarian's certificate that it is free of Bangs and tuberculosis.

## 10. Rights and Obligations

(A) The above terms and conditions of sale shall constitute a contract between the buyers and sellers of each animal and shall be equally binding upon both.

(B) Animals resold following the purchase in this sale shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

(C) All persons who attend the sale do so at their own risk and the owners nor any person connected with the management of the sale assume any liability, legal or otherwise, for any accidents which may occur.

## 11. Applicable Law

All cattle (or horses) in this sale are offered according to the laws of the State of Texas.
