The Stockyards are filled with a unique mix of cultural activities that you could only find “Where the West Began”. We hope you savor your time and enjoy all that it has to offer.

Hosting the Hudson/Valentine Sales has been a privilege. We could never have imagined a journey so fulfilling and we have many people to “Thank” for supporting us and believing in our vision of moving forward into the future upholding the spirit and marketability of the Texas Longhorn. The Sponsors are dedicated leaders, with a mutual passion for the Texas Longhorn and understand that being embedded and connected in the Longhorn Industry is a blessing. The Sponsors and Consignors have presented their best selections for your consideration, with each of them adding value to your programs. We appreciate each of them and are thankful for their support as we work together towards a greater future of the Texas Longhorn.

During this Memorial Weekend let us take a moment to honor those that that have risked everything to preserve the freedom we enjoy today. We are blessed to live in freedom and peace because of these brave men and women.

Her dam Silver Abby is well over 100" TH and her sire Call of Duty is 107" TH. She is going to be massive horned female. She has good size and comes from a great milking family. This heifer is easy and gentle. We are just exposing her back to our up and coming young brindle bull call Silver Star who was 65.5" TTT at 22 months. She has many greats in her pedigree starting with Cowboy Casanova, KC Just Respect, FL Rio Maxine and Cowboy Chex. Bid in confidence that she is a dandy.

**Breeding:** Exposed to Rebel HR from 12/26/21 to 2/5/22; Garlands Big Tex 4/1/22 to 5/15/22.

**Comments:** OCV. Hard to believe we are selling this heifer. She was 59.75" TTT, just shy of 22 months. Her color pops! Her sire is a son of Hubbells 20 Gauge and out of the \$50K+ KCCI Outback Fancy, who is in her 90's TTT. On the bottom side her dam, RJF Rio's Worth, is a multi HSC Champion and on track to hit 90" TTT in her 5th year. Her dam is a daughter of JBR Net Worth who will have sired many 90" TTT daughters in our herd. This family has been very consistent for our program. **Comments:** OCV. We love the Hudson/Valentine Sale and feel this offering is a great representation of what this high end

sale is all about. Did you miss out on the Rebel HR syndicate? Here's your opportunity to own one of his amazing daughters. PCL Lustre Pearl is an amazing young heifer sired by the recently syndicated bull Rebel HR and out of an outstanding proven producing Rio daughter, Hubbells Rio Linda. Linda was a high seller in the 2010 Legacy for \$45K. Lustre Pearl has a quiet disposition, huge body, and good horn growth for her age. Lustre Pearl was AI'd to current longest TTT bull Cowboy Tuff Chex with heifer sexed semen on 1/28 which should make for an awesome calf. We believe she will make a positive impact on the industry and would make a great addition to anyone's herd. Raise your hand early and often for this amazing offering. Sells with reserve.

**Comments:** OCV. This JP Rio Grande daughter is just what you expect in a Longhorn. Super great body, great milker, and a ton of lateral, twisty horn that's over 86 1/2". This family runs deep through our program and we decided to share her for this sale. One of the top heifers to sell at the 2021 Bluegrass Sale was a daughter out of Rangerette. **Comments:** OCV. John's negative. This stunning gold brindle cow comes from the Scott Pace program. She has a

very strong maternal side--- her dam (PCC Double Trouble, 84"), granddam (PCC Double Delight, 86"), and great-granddam (Horseshoe J Delicious, 87.5" TTT) were over 80" TTT at an early age. That is what we call consistency in the Longhorn business. Consistency adds a ton of value to any breeder's program because your future heifers will characteristically mimic the maternal line. The bulls in the pedigree also have legendary production - WS Jamakizm, JP Rio Grande and PCC Rimrock. We are keeping her Cut'N Dried heifer for replacement. She is exposed to Texas Tuff GLR (CTC, 105" X RM Touch N Whirl PAT, 93") for a fall 2022 calf. Go to [www.gillilandranch.com](http://www.gillilandranch.com) for updated information.

 PCC HEART BREAKER

**Breeding:** Exposed to Santee Chex from 1/8/22 to 4/2/22.

**Comments:** OCV. A Rim Rock daughter out of a Hubbell's Captain Hook daughter. This cross has been magical. She has fantastic horn direction. She has won several Futurities and Produce of Dam. Her offspring have won many Futurities, Superior Cow Award, Non-haltered and Haltered shows. Their offspring have won Futurities, bronzes and haltered shows. Consistency is the key here. She will be bred back to Santee Chex, so you will be able to raise your own Championship winner. Santee Chex offspring has been sale topping at quite a few sales.  RED PAINTED TEXAS

**Breeding:** Exposed to RED Kodak from 5/22/21 to 10/18/21; High Caliber SRC from 12/7/21 to 3/15/22.

**Comments:** OCV. You bring your best to the Stockyard's Sale, and RED

Rosewater is our biggest total horned 5-year-old. Her dam is one of our most consistent producers, and Rosewater has already proved herself as a producer too. Her 2021 High Caliber daughter we are keeping as her replacement is a knockout. Her genetics are an outcross on today's bulls and only has one shot of JP Rio Grande. She should have a calf at side or be close to calving around sale time to our up and coming herd sire RED Kodak. Kodak's dam, TCC Picture This, was over 80" TTT, produced an over 90" daughter, and possibly has another one on her way. Kodak adds major milking traits, body mass, and twist. Rosewater is a no problem cow who is easy to be around and a pleasure to own.

**Breeding:** Exposed to the Bushmaster from 12/20/20 to 10//2/21.

**Comments:** OCV. One of the most memorable characteristics of Tejas Star is his ability to produce females that continue to grow horn endlessly! Stardust definitely carries that gene, she continues to grow tip-to-tip horn in a backwards direction with twist year after year, and is on her way to the 80's TTT club with twist! She is incredibly clean in body, colorful, a fantastic mother, and an easy keeper. We have kept all of her daughters, and her last one sired by MC Hangin Tuff is looking like a winner! She sells with a very flashy bull calf at side born on 2/14/22. We will A.I. her back to the longest horn bull in the breed, Cowboy Tuff Chex, with heifer sexed semen. It will be close to the sale date, so it may be too close to call to confirm this pregnancy. It's worth giving it a shot! Stardust has been a very good A.I. cow for us, let her go to work in your A.I. program!

(See ad) August 2021 Honky Tonk measured 80.25" TTT and will have updated measurement on sale date. She is a good mama and milker.
