# WELCOME

Hello Everyone!

We would like to first be the one to welcome you to the 2022 Texas Longhorn Legacy Sale. This sale has been a staple of the industry with many great cattle and great breeders attached to it. This year marks the 18th year since it's rebirth by Bill Hudson, Joe & Lorinda Valentine, and John Stockton who previous revamped it from Red McCombs who hosted it in the 1980s. There's a lot of history here.

Last year was a record setting year with some great sellers, not just here at the Legacy Sale but also throughout the year country wide. New breeders are getting involved and have the opportunity to acquire some fantastic animals. We will, again, have another 100" TTT cow selling this year. We have a tremendous group of consignors from the East Coast, Southern Boarder, the great North Woods, and the West Coast. Literally, it encompasses breeders from all across the country.

Our goal is to provide you with a weekend you will be talking about well into the future while bringing you some of the best cattle the industry has to offer. Please enjoy your time here at the luxurious Embassy Suites and be sure to check out the vendor booths and breeder tables in the Lobby. Back by popular demand is the Legacy Heifer Futurity where all the heifers consigned will compete for bragging rights and Calcutta money.

As always this event would not be possible without the support of each and every one of our sponsors and consignors. It is because of you and this great industry that we are allowed to bring you this event. Our hats off to you for digging deep into your herds.

Please take the time to soak in all the Legacy Sale has to offer. We are here to serve you and can't thank you enough for being here.

We are thrilled to have you as part of the 2022 Legacy Sale brought to you by our great team. Welcome to Grapevine!

The Longhorn Legacy Group

*Ann Gravett, Debbie Bowman, Mike Casey, Lane Craft, Bear Davidson, and Chase Vasut*

## LONGHORN LEGACY GRANT

2021 Winner Devin Culpeper- "Receiving the Legacy Grant was the highlight of my year. Having a large portion of my student debt taken away was something I never expected or dreamed possible; the burden and stress relief my family and I have felt is immeasurable. The Legacy Grant has allowed me to apply much more focus toward my agricultural interest and future."

2021 Winner Nate Schumpert- "The Legacy Grant was beyond a blessing that sometimes still does not seem real to this day. The Legacy Group has always pushed the grant and the idea behind it for the last couple years and although I was aware of it I never really pursued it. After seeing what it did for Josh Shaw and Melissa Boerst in 2020 I knew this was something I wanted to be involved with. From that moment on I knew this was something I needed to pursue and hit head on. I instantly started strategizing on who to write about, what to write about, who to contact, what questions to ask as the list goes on. There was a very little hesitation on who to write about, none other than Ben Gravett. The impression and relationship he made on my father and I, especially when we first started out in the Longhorn business, were like no other, and I will never be able to re-pay the memories and philosophies he gave me to this day. The Longhorn Legacy Grant is a life changing concept and I am beyond thrilled to be able to give back this year with the donation of our very own TCC Houdini daughter."

Texas Longhorn breeders are family. They have roots and youth, and, like any family, they have needs. The Texas Longhorn Legacy Group is committed, on the one hand, to preserving and honoring roots for both the breed and of important breeders, and on the other to helping fellow breeders in need. Toward that end, "The Longhorn Legacy Grant is designed to help longhorn families address the epidemic of educational debt while, at the same time, making sure that the future of the breed doesn't forget the past while immersed in the present. Whether that debt arises from loans for college, a technical school, or some other recognized education institution for which student loans are available. The goal is to help pay down, or off entirely, educational debt for Longhorn breeders."

We understand the significant and sacrifices that every breeder incurs when they become involved in this industry we love so much. The goal is to make a direct impact on those with heavy debt while, in return, asking them to help all of us remember some of the giants in this breed who are no longer here.

Those who apply for a grant will be asked to research and write an in-depth two part essay about past breeders who made a memorable impact on the breed while alive, folks like Ben Gravett, Joe Graddy, Joe Valentine, Mike Bowman, Mel Raley, John Allen, Bill Le'An, and Bill Davidson to name just a few. The first part will consist of interviews with friends and family of the person being remembered followed by a footnoted biographical sketch of that person of no less than 1,500 words. The second requirement will be an autobiographical sketch explaining the applicant's involvement in the breed, including but not limited to a description of their program, why and how they became interested and involved in the breed, their goals, and how debt is affecting their progress and their life in general. Each report submitted, whether a winner or not, will become the property of the Texas Longhorn Legacy Group, will be available, with proper attribution, to breeders and the public, and may be published in trade magazines or other media. The Texas Longhorn Legacy Group will be the sole judge of whether to make any award in a given year, and each award, if any, will be based on merit and not on any other criteria. Each year a panel of Longhorn breeders will be selected to review applications and to determine whether an award is justified and, if so, to who it shall be given. Any winner will be honored and his or her check will be presented at the next Legacy Sale.

SIRE: TCC HOUDINI  
(RHF SHARP SHOOTER X HR RIO ROSE)  
DAM: J.R. PRIZE 115  
(J.R. PREMIUM X J.R.TREASURE)

DOB: 1/5/19 PH#: 1 REG: CI328149

BREEDING INFORMATION: Exposed to Brazos Rocky from 05/22/2021 to 12/10/2021. Confirmed 5 months bred on 11/20/2021.

COMMENTS: Being a recipient of the Longhorn Legacy Grant was a true gift. As we contemplated on how to give back to this amazing cause, it was determined the best way was with the donation of a cow of this caliber! Enchanted Jewel is a daughter of the one and only TCC Houdini that was 96" TTT prior to his young passing. Her dam is a phenomenal upper 80" twisty horned cow from the Ron Jones' program. Jewel is vibrant in color, quiet, and has a spectacular disposition that will be a true joy to have on your property. Jewel measured 66 5/8" at 34-months and has strong potential of being 70" by three years old. She was confirmed 5-months bred via Vet Check to Rocky on 11/20/2021 for a spring calf. This is a flashy, rewarding, "real deal" only available at the 2022 Legacy Sale!

## THE FUTURITY MONEY EARNERS

THE OFFICIAL MONEY EARNERS LIST  
FOR LONGHORN FUTURITIES

2021 changed the whole futurity world. Our goal is much like the Millennium Futurity's "For the promotion of Longhorns." It's adding another value to these cattle that are qualified. 2021 was a huge success with over 17 Futurities competing in the Buckle Chase. At the time of this catalog 2022 has already had more committed futurities. Any checks won in any of these shows will be represented on the Futurity Money Earners List for both the sire and dam of that money winning animal, as well as the owner of that animal. Special thank you to Molly and Jaymie at Hired Hand for their belief in this program. Hired Hand has sponsored this year's buckles again for the second year in a row.

### 2022 FUTURITY MONEY EARNER AWARD BUCKLES PRESENTED BY HIRED HAND SOFTWARE

- Bull of the Year awarded to the sire whose offspring wins the most money
- Cow of the Year awarded to the dam whose offspring wins the most money
- Exhibitor of the Year awarded to the show contestant that wins the most money
- Producer of the Year awarded to both sire and dam whose offspring wins the most checks of the year

Please contact [Beardavidson@gmail.com](mailto:Beardavidson@gmail.com) to add your futurity to the list.

We wanted to be different and create a new feature to your standard sale catalog. Each of the yellow highlighted animals are over 80" TTT. Thanks to Hired Hand, we were able to track down many of these measurements. Although we're well aware that there are many great cows under 80" TTT, we wanted to give some extra promotion to the consignments who pulled from the heart of their herds. Thank you to each and every consignor!

### NATIVE BEAUTY 50/50

SIRE: FIFTY-FIFTY BCB  
(BANDERA CHEX X RINGALING BCB)  
DAM: M ARROW DELTA RIO  
(JP RIO GRANDE X DELTA VAN HORNE)

DOB: 1/5/15 PH#: 15/1 REG: CI306453

BREEDING INFORMATION: AI'd to Rebel HR.

COMMENTS: Arguably one of the biggest and most marketable Fifty-Fifty BCB daughters out there. Fifty-Fifty BCB needs no introduction, a semen lot of his sell for over \$12,000 at auction this past August. M Arrow Delta Rio is an own daughter of the late and great Rio Grande and Delta Van Horne making her a half sister to greats like Tejas Star and Texana Van Horne. Native Beauty measured 99.5" TTT and 113.875" in Total Horn at the 2021 HSC about 3 months shy of her 7th birthday. To top it all off she's AI'd to Rebel HR in November and should have an August baby.

COMMENTS: OCV'd. Offering the most elite coming 2yr old in the industry. A proven genetic mating. An impeccable pedigree. The magic cross of LR DayDreamer (90+) x 20 Gauge produce powerful offspring.  DAM: RM EVADERS LEWEEZ 562

DOB: 3/8/20 PH#: 211 REG: C1326739

BREEDING INFORMATION: We don't breed our heifers until they are two. However, we are going to give this gal a little face time with the three year old **Heart Ache**, our 83" TTT Heartbreaker son.

COMMENTS: It's really hard to find a youngster with the color of blonde, brindlle and black streaks. She comes out of the Leweze family of females that have been industry producing for years. She has a nice frame, tremendous conformation and her disposition is child friendly. Her dam is beautiful and is the absolute best milker on the ranch and has great Texas twist horns. On the top side you have **CV Call of Duty** who has won the Horn Showcase four times, and measure 85" TTT/107" TTT. So the horn, color and confirmation genetics are all in there. Her pedigree has some young and old greats in it starting with the \$100k **CV Cowboy Casanova**, Cowboy Chex, Maximus, **FL Rio Maxine**, Gunman and the whole line up Leweze females. She may come to the sale lightly bred by our 83" TTT Heartbreaker son and if that takes you bring **M Arrow Cha Ching** and **Cowboy Tuff Chex** the longest horned cow and bull of the breed into her calves pedigree. COMMENTS: **Rural Safari Son** is the longest true black horned bull in the industry. He had two bull calves in his first crop of calves reach 74" TTT before the age of 2 (**Lightning In A Bottle** and **PCC Dark Knight**). **Lightning In A Bottle's** dam, **Poco Sun**, was over 90" by the age of 4. With genetics like **Poco Lady BL**, **JH Poco Lady**, **Night Safari BL**, **Ringleader BCB**, **JH Rurally Screwed**, **Cowboy Tuff Chex**, **Lady Monika BL**, **JP Rio Grande**, and not to forget the two key players in the lineup, **Rural Safari Son** and **Poco Sun**, you know you are going to get a powerhouse heifer. **Rural Safari Son's** offspring have been dominating futurities. **Poco Sun** continues to produce a big bodied calf who can put the horn on every year. You now have the opportunity to be the first person to own a **Rural Safari Son x Poco Sun** heifer that will take your program to the next level.

BREEDING INFORMATION:

COMMENTS: Here's an embryo baby from Richard Filip's program. Sired by the Spotlight bull of this year's sale, **JH Rural Safari Sun**. Check out this little gal. Look at her color, look at her body, and look at her horn set. They're going back and twisting already. If you pay attention to horn sets you'll see the twist happening, she'll be flat and lateral. She's a futurity competitor right from the get go. And with the Millennium producing the first guaranteed \$100,000 event in October, this one could be in the money.

BREEDING INFORMATION: AI'd to Rural Safari Son on 5/18/21. Covered by BR Jungle Jim after AI through sale date.

COMMENTS: Double Dime Longhorns is excited to bring our first ever consignment to the Legacy Sale, PG Black Friday. This true black beauty is very complete and was able to eclipse the 80" TTT mark at a young age. Her 2021 daughter, Raven, was the prettiest heifer born on our ranch this year. Not many black and white cows of this caliber come up for sale, but Legacy has one for you right here. She has been AI'd to the largest true black bull in the industry, Rural Safari Son, and backed up to our main herd sire, BR Jungle Jim. JJ was over 90" before his third birthday and is on track to be a 100" bull. His offspring will be extremely limited and hard to come by. Either way, this should be an exciting calf for Friday and her new owners. Let her rip.

COMMENTS: OCV'd. Sweet Sunshine is 90" TTT and won't be 6 years old until May. Not to mention the boat-load of total horn she is carrying. A well built female who I think will make it over the 100" mark soon! Straight out of the heart of my program, you look in her pedigree and see greats like **Monika**, **JP Rio Grande** and Hunts Command Respect. This is what I have been working to breed for! She is also one of the thickest, easiest fleshing, stout made cows that you will find. We have a lot of this blood-line running through our program and her full sister's son, **HL Heads Up** is one of our leading herd sires. BREEDING INFORMATION: Exposed to **CV CASANOVA'S MAGNUM** from 6/1/21 to 9/30/21. Confirmed bred.

COMMENTS: WOW! **RM TOUCH N EDNA** is a bonafide Show Stopper. She may have the most jaw dropping color of any cow we have ever seen. She's always a favorite in the pasture. **EDNA** has beautiful, rolling, twist horns that measure over 80", and is bred to 94"+ **CV CASANOVA'S MAGNUM**. Just imagine the extreme horn and extreme color those two are sure to produce. She raised a herd sire prospect by **HB PATTON** for us last year that we are keeping back that we have high hopes for. Deep long body and she has an excellent udder and good solid feet. She did an outstanding job on her first calf and is pregnant to **WS Vindicator** and due in mid April. BREEDING INFORMATION: Exposed to **TKR ROYAL T** from 8/16/21 to 12/2/21.

COMMENTS: OCV'd. Johnes negative. This cow has it all--color, conformation and horn set. She was purchased at the 2018 Legacy Sale for a premium price primarily because we liked the predictability of her maternal pedigree, **Poco Lady BL**, Lady Monika BL and **BL Monika 645**. The investment paid off. Sittin Pearl was 80" TTT at 4 years and will be approaching 90" in the future. Her best attribute is her production. We are keeping 3 replacement heifers by **Fifty-Fifty BCB**, **The Beast** and **Gold Mine 1**. Her last 2 heifers should be over 60" TTT at 24 months. She is confirmed bred to **TKR Royal T** ( **TCC Houdini X TKR Royal Tuffette**) who has five 90" TTT animals in his pedigree. She has an ultrasound confirmed heifer due June 2022. BREEDING INFORMATION: Exposed to over 90" TTT **BR Cracker Jack** from 8/21/2020 to 6/1/2021 and from 9/6/2021 to 12/6/2021. Exposed to up and comer, black and white BR Checkerboard from 12/6/2021 to present.

COMMENTS: Fingers crossed that this young 6 year old superstar is over 100" TTT by sale time. It's one thing to be over 100" TTT but to get there while you are 6 years old make this even more exceptional. But it goes further than that, what makes Ruby special is her hornset. There is no wasted space! All growth goes to TTT. As a breeder, this horn set means productivity and future TTT. She is one of a kind. Study that hornset, there are no others like her. Replicate that in offspring and you have hit the mother lode. She is the longest horned Daughter of **Hubbell's 20 Gauge** combined with **ZD Kelly** and **WS Jamakizm** on the dam side. This girl has a chance to compete for the longest horned female in the breed as she matures. This beauty can be the showcase of your herd and one of the icons of the industry. Bred to **BR Cracker Jack** to combine superior productive genetics for a future superstar of the breed.

### PACIFIC JUBILATION

SIRE: **TOP CALIBER**

(HUNTS COMMAND RESPECT X HASHBROWN)

DAM: **SHADOW JUBILEE**

(THE SHADOW X GMR 1182)

DOB: 7/19/13

PH#: 333

REG: CTI309826

**BREEDING INFORMATION:** Exposed to **Ferdinand** from 2/21/21 to 5/1/21, to **Cowboy Ruff** from 5/2/21 to 11/2/21 and to **Ferdinand** from 12/6/21 to present.

**COMMENTS:** I call her Queen Jubie because like any good queen, she is a true one of a kind. Her sire was **Top Caliber** who was 88.25" when he died in 2016. For most of his life he was the longest horned bull for his age in the breed. Later he graduated to the simpler title of longest horned bull in the breed. Her dam was **Shadow Jubilee**, who was one of the first cows to go over 90" TTT, and she too was the longest horned of her gender in the breed. When she died in 2016 she had 91.75" TTT. So, Pacific Jubilation (Queen Jubie if you will) has a truly royal pedigree, and she wears it well. Somehow knowing that it would be unseemly for a queen to compete directly with her own mother, Queen Jubie went instead for the total horn prize. Her total horn measurement will be provided at the sale, and as you might imagine, it's a good one.

But Queen Jubie doesn't just lay around eating bon bons. She is the dam of **Pacific Stars and Stripes** who was 80" when I sold her for \$25,500 at my Stocking Stuffer sale a few months ago. So, she produces well too. That's why I'm keeping her 2021 daughter, Pacific Katalina. Queen Jubie is bred, and depending on birth date of the calf, it will have been sired by either **Ferdinand** or **Cowboy Ruff**. Both are over 88" and on track to easily be over 90" in 2022. In summation, I can only say that girls like this don't come around very often, so don't let her get away.

Now a note into the future for the buyer, whose name I obviously don't know yet. Please treat her with care. She expects that and will, in return, give you years of pleasure.

DOB: 7/17/14

PH#: 142

**BREEDING INFORMATION:** Exposed to **CV Call of Duty** from 6/1/21 to sale date.

**COMMENTS:** **Iron Sharpens Iron** is one big and beautiful lady. Tremendous color, great horn shape, easy disposition and has delivered four heifers in a row. She is one of the best cows we own and one of the first animals that everyone notices in the pasture. If it wasn't a sale like the Legacy she would not be coming to DFW. She's only a seven year old and has year's of production a head of her. Last time she was measured, the tape read 86" TTT so you are looking at a lady who should be 90" TTT some time in the future. Genetically she has the package with **Drag Iron**, **Jamakizm** and **Shadowizm**. Now she is bred back to the 85" TTT/107 TH 4x HSC Champion **CV Call of Duty**. Which brings in **Cowboy Cassanova** and **FL Rio Maxine**. There is so much magic brindle in this cross. Take her home and watch her become the queen of your pasture.

She has 3 animals over 100" TTT ( **Eternal Diamond**, **Cowboy Tuff Chex** and **BL Rio Catchit**), and 2 more in the 90s (**ECR Eternal Tari**, and **Illini Brown Betty**). ### QUEEN BEE EOT

SIRE: SEBASTIAN  
 (BOOMERANG C P X TABASCO'S LEZAWÉ)  
 DAM: MUJANDAS QUEEN EOT  
 (MUJANDA EOT 13/7 X EOT ALAMO'S PRINCESS 817)

DOB: 1/10/15 PH#: 1519 REG: CI297602

BREEDING INFORMATION: Exposed to **Clear Man LV** from 6/15/21 to 9/15/21.

COMMENTS: Queen has a lot of horn, 89.125 TH, and came from the BOWMAN program. She is a great mother/milker/producer and we are keeping two of her heifers because she puts the body and horn on offspring. Queen is sired by the big SEBASTIAN bull who's by BOOMERANG CP and out of the Bowman's great TABASCO'S LEZAWÉ cow. On her bottom side you have the great horned MUJANDA EOT and EOT ALAMO'S PRINCESS going back to HATCH'S CANDY CANE, the dam of the \$172,000 SDR CANDY CANE COW cow. She has been bred to BACKFIRED LOVE LV (a 3 yr old bull approaching 90" ttt with lots of color). Offspring should be big, colorful and have lots of horn. Her most recent measurement is 89.25 TH. She is exposed to CLEARMAN LV (six time HORN SHOW CASE CHAMPION) he is BIG, and carries the brindle gene, and puts great conformation and horn on his offspring.

**COMMENTS:** OCV'd. Big bodied, loud colored cow that raises a great calf every year. She is a quiet cow to work and has a wonderful udder and good feet. Depending on where she is with her twist, she should be 90" TTT. She is a big cow but smooth bodied and elegant. Definitely a stand out in the pasture. **Trued Up** bull calf at side and exposed back to **HL Higher Ground**. Should be a 3 in 1.

**COMMENTS:** This might be one of the best **Concealed Weapon** daughters out there. She measured 94.125" TTT back in December. She's out of one of Bob Larson's best cows going back to **ZD Kelly** and **WS Jamakizm**. Annie Oakley has produced some great lateral horned twisting offspring with horn sets much like herself with greats like **20 Gauge** and **Cowboy Tuff**. She's got a heifer calf at side by **Cowboy Ruff** who's sired by **Tuff** out of **Rex's Red Rose**, the over 100" TTT daughter of **MC Super Rex** and over 90" TTT **Max's Red Rose**. **Ruff** has got the world at his fingertips. COMMENTS: OCV'd. Well here she is. If you are looking for a cow to change your program the second the hammer drops, look no further. Irina has been the queen of the pasture with 97" of beautiful twist with a whopping 134" of total horn! She is an own daughter of **Tempter** and the famous **RM Touch N Whirl Pat**. To make it even better, I'm bringing her bred to **HBR Moses**. He is a triple Bronze winning bull who is out of JH Monika's Sun and RRR Miss Ranger. This brings in Slick's Little Star, Lady Monika and a host of others to the party. This cow is a hard one to part with. One of my favorites!

Not only is she the biggest horned grulla cow in the breed, she's also currently the biggest of all the true black based cows! Dazzle Doll measured in at 91" TTT on 9/30/21 and she's got tons of total horn. She's long and smooth, easy to work and be around, great mother with an excellent bag. What sets her apart from other big horned females is her production! We are retaining a herd sire out of her named **PCC Dark Knight** who was over 82" at 30 months. We also have a true black **Fifty Fifty BCB** daughter who's about to go over 80" at a young age and will challenge the 90" mark.
