## **DANIEL & ANGELINA FEY • FEY LONGHORNS**

Swiss Native Daniel and 4th generation Oregonian Angelina have been raising registered Longhorns in Yamhill, Oregon for over 20 years. Their breeding program targets the complete package cow with big, twisty horns, eye-catching color, mid-size body, milking ability and calm disposition. All of their foundation cows are direct offspring of the top bulls in the industry. Not only have Fey Longhorns sold in auctions across the U.S. over the years, but Daniel and Angelina had also been organizing their own sale between 2011 and 2019 (known as the "Fey Sale"). They successfully got several new breeders started through private treaty sales as well. Recognizing the importance of a high quality regional sale, they now gladly support the Oregon Trail Sale.

## **TIM & NICOLE CLARK • CLARK'S RANCH**

Tim and Nikole Clark, along with their four children, Addyson, Jaxson, Kashton, and Laikyn, established Clark's Ranch in 2014. They are located just North of Roseburg, Oregon, in the heart of the Umpqua Valley. When they are not busy chasing kids and watching sports, they love spending time on the ranch with their Texas Longhorn herd, our two miniature donkeys, our miniature highlander and our Nigerian Dwarf goats!

## **JASON HARDY • JH CATTLE COMPANY**

Here at JH Cattle Company, we are dedicated to breeding the best animals possible. Having the best genetics is our goal, so if you're interested in high quality longhorn cattle for sale, check out our great selection of bulls, cows, heifers, and calves. We have been breeding Texas Longhorns now since 2017, however we have been around longhorns for several year's thanks to Kent Bladen. We'd like to thank Scott Pace and Megan Pace for helping us get our herd started and showing us the ropes. We have some exciting things going on this year. We are using embryos from one of our foundation females Riverforks Pearl Jam and placing them in 3 of our cows. We are also going to be using AI (artificial insemination) on several of our best cows. By doing this we will be breeding to some of the very best bulls in the nation! My daughter and I are working together to create an excellent herd for years to come.

DUNDEE HILLS PINOT NOIR  
*It Started Here for a Reason.*

*Welcome Longhorn Ranchers!*  
Longhorns are Your Specialty,  
Wine is Ours.

---

Over fifty years ago, a small but intrepid group of wine pioneers searched for the perfect place to plant Pinot noir. They chose the Dundee Hills of Oregon's Willamette Valley, and the legend began.

The wines of the Dundee Hills offer an elegance found in few places around the world. These hills continually demonstrate the ideal growing conditions for Pinot noir, and the Burgundian varietals, in general. The wines show pure fruit, bright acidity, intense depth, and classic balance.

Top scores, domestic and international competition recognition, best of show awards are normal fare for Dundee Hills wines.

**BREEDING:** EXPOSED TO GARLAND'S BIG TEX FROM 06/01/2021 TO 08/15/2021.  
**CONSIGNOR:** 6CR LONGHORNS, TIM & NIKOLE CLARK

**COMMENTS:** Powerful daughter of the great CV Cowboy Casanova. Her dam is a huge horned daughter of Maximus ST (half brother to JP Rio Grande). Her bull calf from 2021 is a cream paint with brindle. Pheno Max has grown right at 3" TTT in the last 6 months and will easily mature into the 80's TTT. We have her bred to Garland's Big Tex (JBR Eclipse x Texana Garland Gal). The Tuff influence over Casanova has worked very well for us and Bentwood Ranch. This is also prevalent in the pedigree of MC Hangn' Tuff.
