WELCOME

Fellow Longhorn Breeders and Enthusiasts,

Welcome to Springfield. We are excited to be back this fall with the 2023 Fred Bryant Memorial Sale. We are thrilled with the facility that has the ability to house all the cattle as this event continues to grow. We have once again joined up with Heartland Promotions to bring you an awesome weekend full of great cattle, friends and fellowship.

The futurity string has been on fire this year and we are thrilled to see the cattle coming out to be showcased from all across the country. New this year on Friday is the Satellite Measurement for the 2023 HSC brought to us by Lazy J Longhorns. We know this time of year has events going on all over the place, and we hope this allows you to attend and participate without having to choose.

This year, we have had some amazing consignments come in and we feel that there is something for everyone here to add to your herd. We thank each sponsor, consignor and participant this year who has helped us make the Fred Bryant Memorial Sale one that is going to be a great time!

We feel there is some strong growth opportunity in this region and thank each of you who had a hand in helping move the sale over to Missouri. We encourage you to say hi to new faces, as we were all once a new breeder. With each and every Legacy Group Sale, we see it as a partnership with consignors and participants. This isn't the Longhorn Legacy Group's sale, it's the local breeders' sale. Our goal is to help establish, create and retain a market locally. With strong regional sales, it allows the entire breed to benefit. We would like to thank you once again for being here with us. We hope you take in all Springfield has to offer and enjoy your time at the 2023 Fred Bryant Memorial Sale.

Sincerely,

The Longhorn Legacy Group

Ann, Debbie, Lane & Mike

COMMENTS: OCV'd. Sunny Lady LV is a beautiful brindle cow with great size and structure. She also has a great udder and is a good mother. COMMENTS: OCV'd. SCC Thunders Sally is Millennium Futurity eligible, sells with a really nice heifer calf at side by a Cowboy Tuff Chex son and is bred back via AI to Magnum Star Force. Although she doesn't have outstanding horn, she produces it and has replaced herself with our fastest horn growing heifer to date, SCC Sadie Hawkins. She sells as a 3-in-1 package with a full sister to Sadie at side, then Al'd to Magnum Star Force (94" TTT) for a super Spring 2024 calf. She breeds back quickly and consistently raises the biggest weaning calves each year. She's gentle, works easily in the chute and passes her docility on to all of her calves. She's an awesome producer who's worked herself out of a job with us and sells with many years of production for a lucky buyer.
