Loomis Ranch is located in Marietta, Oklahoma. Bob and Pam Loomis have been legends in the Texas Longhorn industry because of the record-breaking animals in their herd including BL Rio Catchit, the first 90" TTT cow, and Cowboy Tuff Chex, the Guinness Book of World Records longest horned bull. The Longhorn cattle are not a business for Pam and Bob, they are a big part of their enjoyment each and every day. They strive for the complete animal, breeding for conformation, horn, color, and disposition. Bob and Pam are also leaders in the horse industry. With multiple championship wins, Bob is in the NRHA Hall of Fame.

Rockin' H Longhorns is located in Ardmore, Oklahoma. Dale has been raising Registered Texas Longhorns since 1988 and has just as much passion for the breed as he did in 1988. Jennifer and Dale participate in futurities, sales and field days throughout the industry. In addition to raising Longhorns, Dale also reads pedigrees for many sales and he was the founder of the TLBAA Horn Showcase.

Holy Cow Longhorns Mikeal got into longhorns in 2008 when he sold out his commercial herd. He spends countless hours studying genetics, researching progenies, and working with the herd every day. In September 2022 Mikeal and Brandi sold the farm in Springtown, TX and made the move to Asher, OK. Now a full-time rancher Mikeal continues to work, day and night, to create the perfect environment for the longhorns they love. Together, they have a passion for the animals, the lifestyle, and the great friendships they have developed in the industry. They look forward to many more years of growing and improving their herd, participating in futurities and sales, and meeting new breeders and building great friendships along the way. They are always looking for opportunities to partner with others to continually improve the industry and truly feel it's an exciting time to be part of this great industry!

COMMENTS: OCV'd. This heifer has futurity written all over her. She has color, conformation, and horns laid back. Her sire has produced great for the Bolens, Loomis, Clark & Jones programs. Her paternal grandsire, Fifty-Fifty BCB, has sired multiple 100" TTT cows. Two of them sold for over 200K. Combine this with her dam's old school and solid pedigree and you get a heifer like this. She is exposed to DH High Stakes. This adds Horseshoe J Important, WS Sun Star, Poco Lady BL, LLL Rosemary, ECR Eternal Tari, WS Vindicator, and Fifty-Fifty BCB again to the calf's pedigree! Wow!! COMMENTS: OCV'd. Here is your chance to own a direct daughter of the late Fifty-Fifty bull out of a big bodied 80+ inch Dan Huntington bred female, 5D Lacy Sue. Lots of twist in this breeding. We are keeping Laid Back Sue's gorgeous heifer back as her replacement. She sells bred to the black and white bull HL Higher Ground. He is a son of WS Vindicator out of the 90+ inch Horseshoe J Important cow.

COMMENTS: OCV'd. Fancy Desire is one of my best produced cows that I am very proud of! Her flashy color, disposition and horn (63.5" TTT) sets the stage for a great start to anyone's program...her stacked pedigree says it all. Her dam, TXN Fancy Pants Special, is a producing momma with any sire I put her with. Fancy Desire's bloodline contains the infamous Concealed Weapon, WS Midnight, Sharpshooter 542, Julio's Thunder, Horseshoe J Example, Horseshoe J Foundation, Tejas Star, Delta Van Horne & King of Clubs. Mix this gal with some new current genetics and you'll have offspring that you'll see in futurities down the road. Should be bred to DH Double Ought, a Rowdy HR (Voted two-time Ultimate Bull) son. COMMENTS: OCV'd. Elegant, long bodied, colorful, good natured, and an excellent mama. She breeds back every year like clockwork. We are currently using one of her bulls in our herd, and have her full sister. She measures 88" across the front. Her horns are cranked back and twisty. Pregnant to Brazos Julio, a Brazos Red Ranger son out of an over 80" foundation bred El Coyote cow. Julio has given us some very nice heifers. Do not expect early horn growth from Ranger bulls, they come on at 2-4. Plus you have Fifty-Fifty that is late blooming. Calf due in mid to late April 2023. Reasonable reserve.

Measurements 75.5" TTT / 86.25" TH She has flat lateral horn out of Dragon Queen, one of our White Dragon x Overcast lines. Easy to handle, has had calves every year. She was bred to Ragnar from 4/1/22 to 10/15/22, then 50 Amp from 10/15/22 to 12/31/22. Either way the potential is there for a very nice calf. COMMENTS: OCV'd. RRR Miss Sage is a very correct, full bodied, excellent milking female with over 80" TTT. Her 2021 bull calf won the Horn Showcase Futurity and won the Horn Contest last fall. He is now a junior herd sire for Austin Rohr. Miss Sage Hen has many greats in her pedigree from old school breeding like the Overlyn cow, Concealed Weapon, the 90 inch Horseshoe J Example cow, JP Rio Grande, and many more. We have her bred to HL Legend. He is a son of the 90+ inch Trued Up BCR bull out of the 90+ inch D/O Miss Grande cow. This should be a great calf.

She is loaded with Loomis greats like Cowboy Up and BL Mazue 4 combined with some of the best Butler cattle. Second Wind is a big time milker and raised a huge Hydro heifer which we are keeping as a replacement. Her 2022 heifer is one of our top calves, and she has daughters in the Francisco and Manning herds. COMMENTS: OCV'd. Pearl Hart 915 is a very classy brindle and white young cow; her horns will roll over to a very nice twisted horn cow with a lot of character. Her sire is M2 Rifleman which is a full brother to Hubbells 20 Gauge that is stacked with 80's 90's inch TTT with great bodies. Her dam is a large daughter out of White Dragon and a daughter of WS Jamakizm. This young cow has the potential to produce body and horn that you could show in the show ring or the futurity pen. Her 2022 heifer was Humberto Neorbe from Brazil first picks to take back to Brazil. She is bred back to Ragnar or 50 Amp, either one of the bulls has the power to sire a top notch calf. This young cow has the potential to produce and is an out cross to most of the pedigrees in the industry.

COMMENTS: OCV'd. Who doesn't like brindle color and beautiful twist horns! Most of us know about the multiple futurity champions coming out of the Struthoff Ranch sired by SR Clout. Rubeola just turned 4 years old measuring 69.75" TTT of twist horn, she should be well over 70" by sale date. We are retaining her beautiful loud colored 2021 brindle heifer calf that has crazy twist showing very early. She sells with a beautiful bull calf sired by 3P Poker Face, a full brother to our foundation cow 3P 50/50 Poetry Blend, check them out on our website. She is exposed back to our young partner brindle herd sire bred by Nancy Dunn, Overachiever 010. His granddam is Jamakizm's Alphie, a 94" Jamakizm daughter. BREEDING: Exposed to POR Lucky Joe Exotic 5/20/22 to 7/26/22.

COMMENTS: OCV'd. Very tall, feminine, dun colored daughter of Rowdy HR. Great producer and big total horned cow. She always catches peoples attention when looking at the herd. I am keeping her heifer from this year as a replacement. Easy going and easy to work. A good addition to any herd. Exposed to POR Lucky Joe Exotic who is a multiple bronze winner and futurity winner.
