

2023
The Northeast Texas
Longhorn
Sale and Futurity

June 2 & 3

Lebanon Valley Livestock Auction
Lebanon, Pennsylvania
Registered Texas Longhorns

Hello everyone!

This is our second year for our new and improved sale. Our goal is to continue to improve each year. We've added a heifer futurity this year with a panel of five judges. We've also upped the ante for the futurity by adding a prize for the "high Point heifer" in addition to the regular placement awards. The awards will be presented following the dinner Friday evening.

We are proud to announce we have 64 lots in the sale this year, and a variety to hopefully spark everyone's interest. The crew at Hired Hand, Dan Huntington and Chase Vasut, will be joining us again this year. We have several haulers lined up to get cattle where they need to go. So, don't be afraid to bid; we'll see you get your animals delivered!

The Friday evening meal will be catered by "The BBQ Trough" for a great fixin of BBQ and sides. Soft ice cream and toppings will also be available for dessert. Friday and Saturday, the NETLA youth will oversee the kitchen offering an assortment of items for breakfast and lunch. Stop by, grab something to eat, and support our youth!

There will be a little something new added for all ages to enjoy and participate in during the sale weekend. We've also added some great music this year.

This would not be possible without all the support we've received from our members, sale and futurity sponsors, and consignors, as well as unrelated businesses. On behalf of myself and all the members of NETLA, THANK YOU!

We look forward to seeing everyone and hope we have a great sale and futurity!

Thank you again to everyone who helped make this event possible!

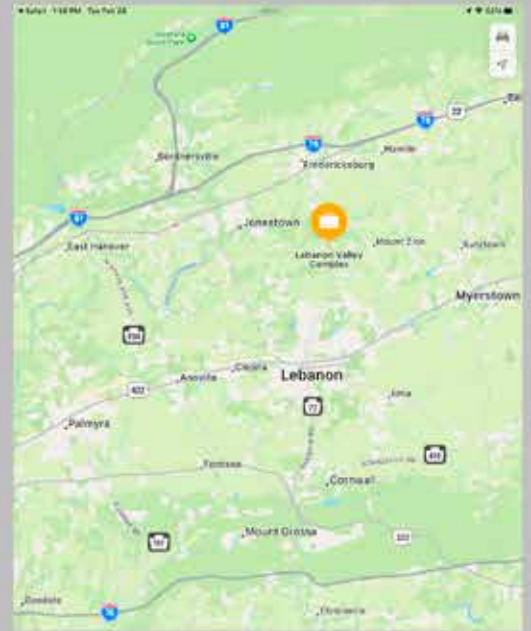

Sincerely,

***Nelson Hearn
President***

Comments: Fifty-Fifty daughters are the envy of so many breeders right now. Fifty Shades has that low swooping horn shape that folks love about so many of his offspring. She is as easy going as they come and her horns continue on a very steady growth trajectory well into her fourth year. She shows no sign of slowing down. At side is a sharp bull calf from Hubbell's Jeremiah. This little guy is going to brindle up big time and be a heck of a sight. It's so hard to get these Fifty-Fifty genetics. Why empty your pockets on a semen straw for a chance at a female? This one is right in front of you with all the hard work done. She is exposed back to Jeremiah for a possible 3 in 1 package.

Comments: Sunhaven Princess is what our family thinks of as a great all-around cow. She has the features we are looking for in a longhorn: body, color, and horns that are continuing to roll back. We are retaining her first two heifer calves as replacements. Both have impressive horn and color we are excited about. She is working on her third calf and currently bred to our young herd sire, M.C. Rocket Man (M.C. Mr. Big Stuff x M.C. Rozalyn). She should be due around sale Time or shortly after. Rocket Man and his maternal half-brothers (M.C. Hangin' Tuff and M.C. Mr. Wonderful) are all HSC winners which makes this calf is hard to let go. We are retaining her knockout heifer sired by Rebel HR as her replacement. We expect her 2023 calf sired by RL Black Market or TR Make It Rain (Cut 'N Dried Son out of a Tibbs daughter) to be just as amazing to compliment anyone's breeding program.

Comments: Sired by the late and great Bubba Tuff Chex, Bubba's Sweetie is a half-sister to Big League, Haltom's Pretty Penny, Horseshoe J, Gimy Da Money, Dunn Pay Dirt, and Dunn Said Enuff along with many other futurity money winners. On her bottom side you have arguably the best producer the longhorn world has seen in Rio Grande. The over 80" ttt BL Rio Sweet has been a wonderful producer. She's confirmed bred to Game Changer 044, our up-and-coming young bull who's been knocking it out of the park on his horn growth.

Comments: Take a close look at this heifer! RTG Silver Gleam was one of the first calves ever born on our ranch. She is sired by the over 90" Texas Silverado Star, who is out of the great 106" Kinetic Motion of Stars! On the bottom side, Silver Gleam brings in the likes of JP Rio Grande and Cowboy Catchit Chex. The horn in this pedigree speaks for itself; however, the black and white color should also be noted. Her mother has given us two consecutive black and white calves with Silver Gleam being one of them. This heifer has a bright future ahead of her.

Comments: Rustic DCR is a really easy-going cow with an interesting color pattern and unique horn shape. Her roan speckles are darkening up more and more year after year. Her horns have a unique slow forward lateral movement. That horn direction is going to continue to give her great TTT numbers as she matures. She's in the ring today with her heifer by Cashed Out (G&G/Talley partnership bull). Cashed Out is going to double down on Rustic's unique horn direction. And don't let the white fool you; this heifer's pedigree is stacked with great color genetics.
