Welcome

Fellow Longhorn Friends and Family,

We want to be the first to welcome you to the 2023 G&G Fall Classic. The journey to this sale began many years ago and we are thrilled to carry on the legacy of those before us and set a foundation for those to come. The growth and excitement is at an all-time high!

We are amazed to see the growth of the East Coast Market over the past few years. From great relationships with new breeders formed, and more importantly, the mentorship we have seen others take on to help breeders find success!

There is no greater testament to the support of each and every one of you than looking at the quality in this year's sale. Cattle from all over the country will be up for grabs soon in Culpeper, Virginia. We sincerely thank each and every sponsor, consignor, and participant in this year's G&G Fall Classic.

On top of the Quality of consignments, we will also have a full barn of exceptional futurity animals competing for prize money, custom buckles, and most importantly, bragging rights. With a panel of 5 judges this year, larger payouts, and some of the best cattle showing in the country, it is going to be an amazing time.

Friday night, don't forget to mark the Awards banquet, dinner, and presale party down to attend. The party will once again be held at G&G Headquarters overlooking the beautiful mountains.

If you have been here before, we sincerely thank you for your continued support of this amazing breed. If this is your first time, we want to say "WELCOME" and hope you have an amazing time! Please do not hesitate to reach out if there is anything we can do to help your experience be more enjoyable.

Again, welcome to Culpeper for the 2023 G&G Fall Classic. Let's have some FUN!!

Sincerely,

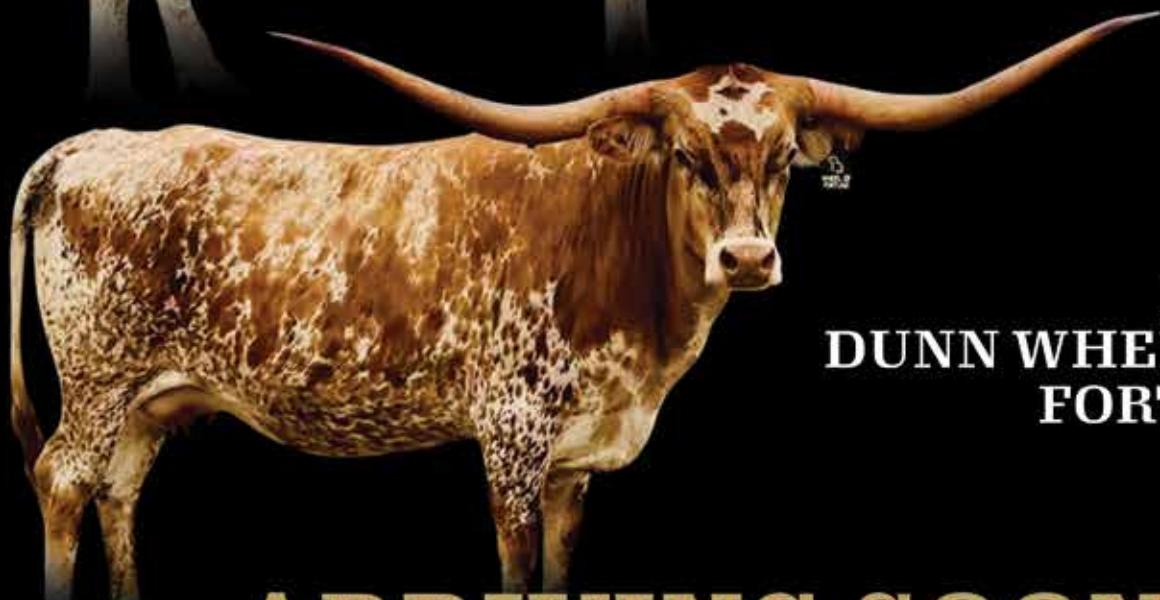

Ann, Chase and Shawn

WHITE PINE RANCH, SANDRA HUGHES

DOB: 3/1/2020 **PH#:** 20/3 **REG:** C1328349
SIRE: Cowboy Catchit Chex (Cowboy Chex x BL Rio Catchit)
DAM: Horseshoe J Modest (Bomber Chex 80 x Choctaw River Queen)

BREEDING: AI'd to HL Higher Ground on 2/10/2023. Exposed to HL Open Range from 6/1/2023 to 9/1/2023.

COMMENTS: Here's your chance for a fabulous Cowboy Catchit Chex daughter out of some Horseshoe J breeding. This young cow is bred for horn; she was 80" TTT at 3 years old. She is dog gentle and raises an awesome calf. We are keeping her 2022 heifer in our herd to carry on Scott's breeding. She has been AI'd to HL Higher Ground for a Fall calf and then exposed back to HL Open Range. This is a package you don't want to miss.

2 CP BOOMERANG'S TEMPTRESS

DOUBLE S RANCH, BEN & NIKI STONE

DOB: 4/9/2018 **PH#:** 822 **REG:** CAI311213
SIRE: Boomerang CP (Overlord CP x Indian Girl 636)
DAM: Sen Sen CP (Preacher x Tempter's Senateu)

BREEDING: Exposed to Gold Mine 1 from 4/24/2023 to present.

COMMENTS: We grow 'em big in Texas! We aren't sure what she weighs but it has to be near 1300 lbs... CP Boomerang's Temptress, Boomer for short, is absolutely unmistakable in the pasture. Not only is she predicted to hit mid-80" TTT, but she is drop dead gorgeous, having one of the more unique color patterns we've had in our herd. She is a great mother, but not overly protective to the point you would be uncomfortable working her with a calf at side. She is the total package- conformation, height, horn, body and genetics!

3 DEEP TAFFY

BREEDING: Bull calf at side born 6/18/2023, sired by Formal Attire. Exposed to RJF Lock & Load from 7/5/2023 to sale date.

COMMENTS: This beautiful female will not turn 3 years old until October and is a 3-in-1 package. She is sired by the over 90" TTT Deep State (Reckon So x Dragon Lady). She has a calf at side sired by the 88" TTT, twist producing herd sire, Formal Attire, who is sired by Tempter and out of the right at 100" TTT cow, Horseshoe J Example, the dam of Concealed Weapon. If that's not enough, she's bred back to RJF Lock & Load (Cowboy Tuff Chex x M Arrow Cha Ching) and there's no semen offered on this bull. This is a serious package!

SIRE: Hubbell's Jeremiah 29:11 (Cowboy Catchit Chex x Hubbell's CW Beauty)

DAM: Nex Teu Win (Annex x Winning Strike)

BREEDING: Not Exposed.

COMMENTS: Cote's Sassy Lady is a gorgeous, solid brindle heifer sired by the 90" TTT Hubbell's Jeremiah bull who's pedigree includes Cowboy Catchit Chex, BL Rio Catchit, Concealed Weapon and Horseshoe J Example. Her dam, Nex Teu Win, consistently produces thick, colorful calves and goes back to several legends such as Drag Iron, Jamakizm, Jester and Clear Win. She's also a very sweet girl who loves her head scratches. Sassy is a stunning heifer with an impressive pedigree and a bright future ahead of her. We chose her to represent our program because her mom has given us 4 heifers. Pictures don't do her justice; see her videos on our website to get to know more about her, www.CoteCattleCompany.com.

BREEDING: Bull calf at side born 4/15/2023, sired by Dynamic 0. Exposed to Dynamic 0 from 4/16/2023 to sale date.

COMMENTS: Here is a 3-in-1 package. SR 007's Marley 706 should have an early Spring calf sired by Dynamic 0, who's a Jaguar Chex son. Marley sells with a bull calf at side born 4/15/2023, also out of Dynamic 0. She's a great milker and has a sweet disposition. All her offspring are Millennium Futurity eligible and we will announce pregnancy status and new horn measurement at sale. On Marley's 6th birthday in January 2023 she was 87.75" TTT and on 4/19/2023 she measured 88.75" TTT. By sale date, she should be over 90" TTT, just like her dam, SR Madden's Marley 000, who measured 90" TTT on 5/10/2023.

What's even better is the heifer calf at side sired by Brazos Notorious, a Cut'N Dried son out of the great Jamakizm's Alphie 4/8 cow! To top it off, she's exposed back to Brazos Notorious for a possible 3-in-1 package! Some of the best genetics in the industry today are represented in this offering!

COMMENTS: Here is an elite Hudson Longhorn bred cow, HL Barons Magic is a big-bodied cow with huge rolling horns that is now closing in on 90" TTT. She has the famous BL Patty Sue in her pedigree and is an easy keeper! Here's the bonus- HL Barons Magic has been exposed to the baddest black bull in the game, HL Jango, who boasts four 100"TTT cattle in his pedigree.

DAM: Lone Star C3 (RVR Trinidad x Morning Star BR3)

BREEDING: Exposed to First Light (Wait Till Dark x Handy Vavra) from 10/23/2022 to 6/16/2023.

COMMENTS: If you are looking for your next eye-catching cow for your front pasture, here she is, Belle Starr 120. When you take her sire, Hubbells Butch Cassidy, who brings in a slew of greats, including Cowboy Catchit Chex, JP Rio Grande, Texana Van Horne and BL Rio Catchit to name a few, and cross that with a pure Butler bottom line with names of RVR Trinidad, VJ Nestor and Dark Star B R3, to bring in the hybrid vigor, you're bound to have magic. Belle Starr 120 has been exposed to First Light, a son of the up-and-coming bull, Wait Till Dark (Saddlehorn x Jester), which should prove to be an interesting calf at side by the date of the sale.

DAM: Puss In Boots JC (Shrek Chex x Cats Comfort)

BREEDING: Exposed to Slient Plan from 10/25/2022 to 12/17/2022.

COMMENTS: On our website it says, "She will never see the inside of another owner's trailer..." Chase and Shawn asked for something special, so for our first time at the G&G Fall Classic we figured we better dig deep. Safari Chex 114 is the reason we bought Sam Chex 708. She's clean, correct, colorful, super easygoing and beautiful to have in the pasture, aside from her huge twist horns. Study her pedigree; BL Sadie and Shrek Chex in particular. This cow is a "who's who" in foundation Loomis Longhorn genetics. Her calf out of Silent Plan (Jet Black Chex 794 x 112"TTT Silent Iron) could be insane. We are proud to offer her.

With her Grand Sires being Cowboy Tuff Chex and CV Cowboy Casanova; she's double bred FL Rio Maxine. She will bring a great pedigree to any program! She is out with our herd sire, LTL Vin's Maverick, who measured 81.25" TTT on 6/12/2023, just two months after his 3rd birthday! Maverick brings in some greats like WS Vindicator, WS Sun Star and ECR Eternal Tari, to name a few. We are retaining a heifer as a replacement!

PH#: 2208

REG: 290155

SIRE: BH Ferdinand (Patton HB x BH Sweets)

DAM: Pacific Sunshine (Santee Chex x T Bar W Miss Pail)

BREEDING: Not Exposed.

COMMENTS: This is a "soggy" heifer! JM5 Sunshine's on a Dreamer is loaded with color, is thick and has great directional horns. She's out of BH Ferdinand, a 92" TTT bull who is the boldest mulberry roan you'll ever see and this girl is going to look just like him, that deep color is hiding under the white coat. Pacific Sunshine, her dam, is a great producer and mother with a lovely set of rolling horns. Sunshine's ready for your bull and also ready to add some flair to your herd. Just wait and see!

DAM: Nel-Tam Ice Princess (Happy Bull x K.C. Winter Queen)

BREEDING: AI'd to WS Vindicator with heifer-sexed semen, calf due around 10/19/2023.

COMMENTS: OCV'd. This gorgeous cow is a hard one for us to let go. Nel-Tam Passion's Pearl is everything we could ever want in our program. She measured 62" TTT at 2 years old and currently measured 83.5" TTT, even after losing 6" to the cold weather in between her 3rd and 4th birthday. Pearl also produced a heifer for us that measured 69" TTT at 28 months old, who we are retaining to continue to build our program off of. The icing on the cake with Pearl is that she's carrying a calf, sired by WS Vindicator, with heifer-sexed semen. Pearl will also eat treats from your hand and enjoys scratches.

BREEDING: Exposed to KDK Thor from 6/8/2023 to sale date.

COMMENTS: OCV'd. Ann was asking for one of our best and here she is! CK Buzz Cut is an example of what we think a Longhorn should look like. Her sire is the over 2000 lbs Cut'N Dried (Cowboy Tuff Chex x Dragon Pearl) bull and her dam is CK Buzz N Bee Happy (Mr. Happy x HL Buzzin' Beauty). CK Buzz Cut's dam has won countless buckles and was a TLBAA Hall of Fame cow in 2020. CK Buzz Cut has a great lateral horn set and measured 67" TTT on 12/12/2022. Her measurement will be updated at the sale. She is bred to KDK Thor, who's sired by KDK Valiant and out of the 98" + TTT KDK Sweet Magnolia, who's projected to be 102" TTT on Dalgood. Her pregnancy status will be updated at the sale. We're retaining her 2022 heifer calf. This is a package you don't want to miss! See more information at www.CircleKLonghorns.com.

BREEDING: Bull calf at side born 4/25/2023, sired by Heartbreaker. Exposed to RRR Vindicator's Edge 741 from 5/20/2023 to sale date.

COMMENTS: Silver Marilyn 121 is out of one of our very best cow families, M Arrow Marilyn, who is over 95"TTT and CV Call of Duty, who is over 85"TTT. This lady has absolutely no bad habits and is child-friendly. She milks great, stays in wonderful shape and, more importantly, raises outstanding calves. Please review the two heifers we are keeping out of her... The oldest is now going crazy with horn and they are straight out. She has a bull calf at side by Heartbreaker who is 90"TTT and goes back to M Arrow Cha Ching x Tuff Chex, the two longest total horn animals in our breed. She's also being bred back to the 90"TTT WS Vindicator son, RRR Vindicator's Edge 741, who is a tri-colored brindle bull. This gal is a proven producer; bid in confidence.

BREEDING: AI'd to HL Higher Ground with heifer-sexed semen on 4/6/2023. Confirmed bred.

COMMENTS: This is my first consignment ever and it's hard to let her go. JY Bowl of Sass has an incredible temperament, will eat out of your hand and is great to work with. I don't breed my heifers until they are 2 years old, and she settled on the first straw. She was 60"TTT at 24 months old and has wonderful horn direction, which will be updated at the sale. She has brindle stripes that are starting to really come through! Her sire, Cut'n Dried, needs no introduction and she should have a Higher Ground heifer in a few months!

COMMENTS: LJL Texas Sissy Chex is a very nice cow with 80" + TTT of low, swooping, beautiful horns and a large, well-structured body. Her dam is the 90" + TTT OB Loganberry Wine cow, owned by D-R Henry Ranch. Her bull calf at side is out of Night Life BCB, our partnership bull with G&G Longhorns. He has the color, genetics and body to possibly be your next junior herd sire prospect. To top it off, she'll either have a Delta Lucky Ace heifer calf in March or a Cashed Out calf in April or May. Cashed Out is a Cowboy Catchit Chex x HL Rags to Riches bull and a partnership bull with Talley Longhorns and G&G Longhorns. Either way, this 3-in-1 package is going to be a great addition to any herd! Bid in confidence knowing you're getting a strong maternal line that consistently raises beautiful calves.

BREEDING: Exposed to HL Open Range from 11/12/2022 to 2/4/2023 and Trued UP BCR from 6/3/2023 to 9/1/2023.

COMMENTS: This moderate-framed CV Cowboy Casanova daughter possesses the lateral, twisty horns that people adore. She comes from one of our top producing lines and is a maternal sister to the dam that produced the HL Head Over Heels cow that brought \$360K back in May. She is bred to HL Open Range, which is an HL Heads Up son by the over 92" TTT HL Significant cow. This is a very similar mating that produced HL Head Over Heels! We've kept three young daughters by Playdate to move forward with and that's the only reason she is consigned to this great sale.

FHR NIGHT LIFE TULLA
FHR LONGHORNS, DALE METZ

DOB: 4/20/2021 **PH#:** 4201 **REG:** CI329788
SIRE: Night Life BCB (Rowdy HR x Phantom Ring BCB)
DAM: 4G Julio's Tulla (Julio's Leyenda ECR x 4G's Overwhelming Tulla)

BREEDING: Observed breeding by Hubbells Jeremiah 29:11 on 10/7/2022 and confirmed 4 months bred on 2/13/2023 for a July calf.

COMMENTS: FHR Longhorns is excited to support the East Coast and the G&G Fall Classic with this great offering. FHR Night Life Tulla is a daughter of the 85" TTT brindle bull, Night Life BCB, who's sire is Rowdy HR (2x Ultimate Bull) and his dam is the 96.75" TTT Fantom Ring BCB cow. Her maternal side brings in a Delta Vixen and Don Julio's granddaughter, 4G Julio's Tulla, who's a twisty 80" TTT producing machine that produced HL Foxy Tulla. HL Foxy Tulla sold at this sale a few years ago for \$11K. To top it off, as this comment is being written, FHR Night Life Tulla is bagging up for a calf out of the 90"+ TTT, outstanding, award winning herd sire Hubbells Jeremiah 29:11, which should prove to be an outstanding cross of genetics. Her horns are currently blood red and blowing up, as one would expect with the money and production in this girl's pedigree.

COMMENTS: KCCI Lucky Carolina girl is a beautiful true black, black and white cow. She goes back to LLL Lucky on the top side and has double BL Night Chex on the bottom side. She's been color tested by UC Davis to be Dominant Black, Recessive Wild. She has a gorgeous black and white heifer calf at side, sired by the 90" TTT Hubbells Jeremiah 29:11 bull and should be bred back the same way for a 3-in-1 package. She measures in the upper 70" TTT and will soon join the elite club of 80" TTT true black longhorns. Carolina has given us three heifers in a row and is one of the prettiest cows in our pasture. DAM: Pacific Drag Free (Over The Top x CB Mordrag)

BREEDING: Confirmed bred by blood test to RRR Vindicator's Edge 741 on 6/30/2023.

COMMENTS: Do you want something outside the usual suspects? Head to the Fairlea Longhorn program on the West Coast. Pacific Tippet is a big-bodied, two-toned beauty out of Pacific Drag Free, sired by AF Gunslinger (92"TTT). Her dam also brings in the 91"TTT Longhorn classic, CB Mordrag, who you can see out in Ann Gravett's pasture when you come to the sale. Tippet's swept-back, twisting horns measured 87.5" TTT as a 5-year-old on May 20th and is projected on Dalgood to be over 92" TTT at maturity. BREEDING: Bull calf at side born 5/31/2023, sired by DH Concho. Exposed to JL Black Diamonds from 7/3/2023 to sale date.

COMMENTS: This is a "Red Hot" whole package cow! 4L Red Hot is predicted to be an over 90" TTT cow, but that's not all she offers. Along with her fast horn growth and potential, she's a correct, solid-bodied cow with a great udder. She's quiet and easy to have in the pasture as well. Her pedigree is stacked with greats including her sire, the Butler influenced WS Chief, along with many females over 80" TTT and 90" TTT, including RC Pacific Mermaid. While still not 3 years old by sale time, this girl has a lot of history unwritten.

DAM: Win Over Beauty (277 TCC Winning Honor x TCC Rio Beauty)

BREEDING: Heifer calf at side, sired by Concealed Weapon. Sells with 2 conventional straws of Hubbell's Jeremiah 29:11.

COMMENTS: Diamond Beauty is a special heifer whose dam and sire both have fantastic production records. Her full sister was among the high sellers at this year's Cherry Blossom Sale. She is an own daughter of HH Never Forget, who's currently working one of the industry's best herds. Diamond has done very well in the futurity ring for us, bringing home multiple checks. Her early horn growth shows that she will mature into a very nice, big-horned producer. No flaws here- she will be a great addition to any herd! The calf at side is by none other than the legendary Concealed Weapon. Recovering from calving, we have not exposed Diamond back to any bull. She sells with two conventional straws from Hubbells Jeremiah 29:11.

MM MISS GUNSMOKE SAFARI

M&M CATTLE CO, MARK & MISTY FLINCHUM

DOB: 1/6/2012

PH#: 201

REG: C1284818

SIRE: Safari BL Chex (Farlap Chex x Night Safari BL833)

DAM: RRR Miss Jitter Z 817 (RRR Ground Zero x RRR Jitter Smoke 531)

BREEDING: Bull calf at side born 4/19/2023, sired by Accelerate. Exposed to Don't Stop Believin' from 5/15/2023 to sale date.

COMMENTS: OCV'd. Parentage DNA Verified. MM Miss Gunsmoke Safari or "201" as I call her, is an elite female that's only had natural calves and she's one of Safari BL Chex's best producing daughters. She measured 88" TTT and already has daughters measuring above 80" TTT themselves and are tracking to be 90" TTT at young ages. Not only is she passing horn, but also her milking ability, color and conformation on to her progeny. "201" has been a female producing bloodline, which makes the bull calves she's had even more special. She's worked with any bull we've had her with, but she especially worked well with Drag Iron genetics, so we have her exposed to a Drag Iron grandson who we bred that Daniel Putt owns named Don't Stop Believin'. Daniel's been very successful with him and his progeny in futurities. We're bringing our very best, she can help anyone get to the next level.

DAM: Riverforks Raggedy Ann (Rio Bravo Chex x Riverforks Raggle-Taggle)

BREEDING: Exposed to Riverforks Back Forty from 2/19/2023 to sale date.

COMMENTS: Here is a nice M.C. Hangin' Tuff daughter. Her first calf was a heifer and we will be retaining her in our herd. Riverforks RaisedinDixie was one of our futurity heifers and showed well for us. She was 2nd in the Horn Showcase measuring. She has a lot of total horn! An updated measurement and her breeding information will be announced at the sale.

COMMENTS: It is a grand opportunity on the East Coast to get Cowboy Tuff Chex, Hidalgo Chex and Hubbells 20 Gauge just within a couple generations. LTL June Bug 515 is bred to our HL Double Barrel son, LTL Double Splash. If you need a genetically stacked outcross to progress and improve your herd, this pair will be that. Her dam (DH Jitterbug) calves every year and her sire (Tuff It Out) weighs over a ton with over 83" TTT of horn. June Bug has a wonderful disposition with beautiful brindle sides and a great horn set (an updated measurement will be announced soon). Look for her at the Fall Classic futurity!

DAM: 4T Ripanna (Rip Saw x Stockanna)

BREEDING: Exposed to Silent Plan (Jet Black Chex x 112"TTT Silent Iron) from 7/28/2023 to sale date.

COMMENTS: This heifer is a super slick, true black and white daughter by DH Bucket List (Bushwacker Chex x Sittin' Ann) and out of 4T Ripanna (Rip Saw x Stockanna). She's easygoing and built right out of greats from the Loomis, McGill and Stockton/Burton Longhorn herds. She comes pasture exposed to our exciting, crazy genetic bull Silent Plan, who's out of Jet Black Chex x 112" Silent Iron... A first time offering of these combined genetics.

GLH HYDRO'S SUN STAR

PH#: 6/8

REG: 280434

SIRE: WS Hydro (Rio Bravo Chex x WS Shine Down)

DAM: GLH Irony's Rose (Irony x GLH Unruly Laura)

BREEDING: Bred to Drag Iron.

COMMENTS: GLH Hydro's Sun Star is a quiet, easygoing cow. In May she measured 82.75"TTT. She calved as a 3-year-old and had a steer calf, then as a 4-year-old she sadly aborted the calf. After that, I did embryos and ran her with a bull, only to find out that bull was no good, so I left her open to be bred this spring. She is cycling and will be bred to Drag Iron. Her breeding dates will be posted on Facebook and on sale day.

DOB: 1/3/2021

PH#: 4/21

REG: CI334136

SIRE: Cowboy Catchit Chex (Cowboy Chex x BL Rio Catchit)

DAM: Horseshoe J Vibrant (Bubba Tuff Chex x Horseshoe J Idolize)

BREEDING: AI'd to Iron Span with heifer-sexed semen on 12/23/2022.

COMMENTS: The goal of our breeding program is to produce predictable genetics and KCCI Catchin Vibes is just that. Her sire, Cowboy Catchit Chex, was the most consistent bull we ever had the privilege to use. Her mother is an over 90" TTT daughter of Horseshoe J Idolize, our best producing cow. We have kept many sons and daughters out of Horseshoe J Idolize. KCCI Catchin Vibes has won many futurities for us and stands out in the pasture with her vibrant color and impressive horn.

DAM: HR Flamenco (Big Red HR x HR Graves Dancer)

BREEDING: Exposed to WS Hydro 8/9/2022 to 5/28/2023.

COMMENTS: HR Rebs Flame has the prettiest face of the Rebel HR daughters. She has the magic of being double bred LLL Rosemary! She made her first twist and is just starting to turn on the tip to tip horn growth. HR Rebs Flame is bred to the Ultimate Bull and face of the 2023 Horn Showcase Bull Alley, WS Hydro. That will be a futurity winning calf!

SILVER ROSEBUD

SILVER T RANCH, KURT & GLENDA TWINING

DOB: 2/8/2022

PH#: 281

REG: CI337973

SIRE: CV Call of Duty (CV Cowboy Casanova x FL Rio Maxine)

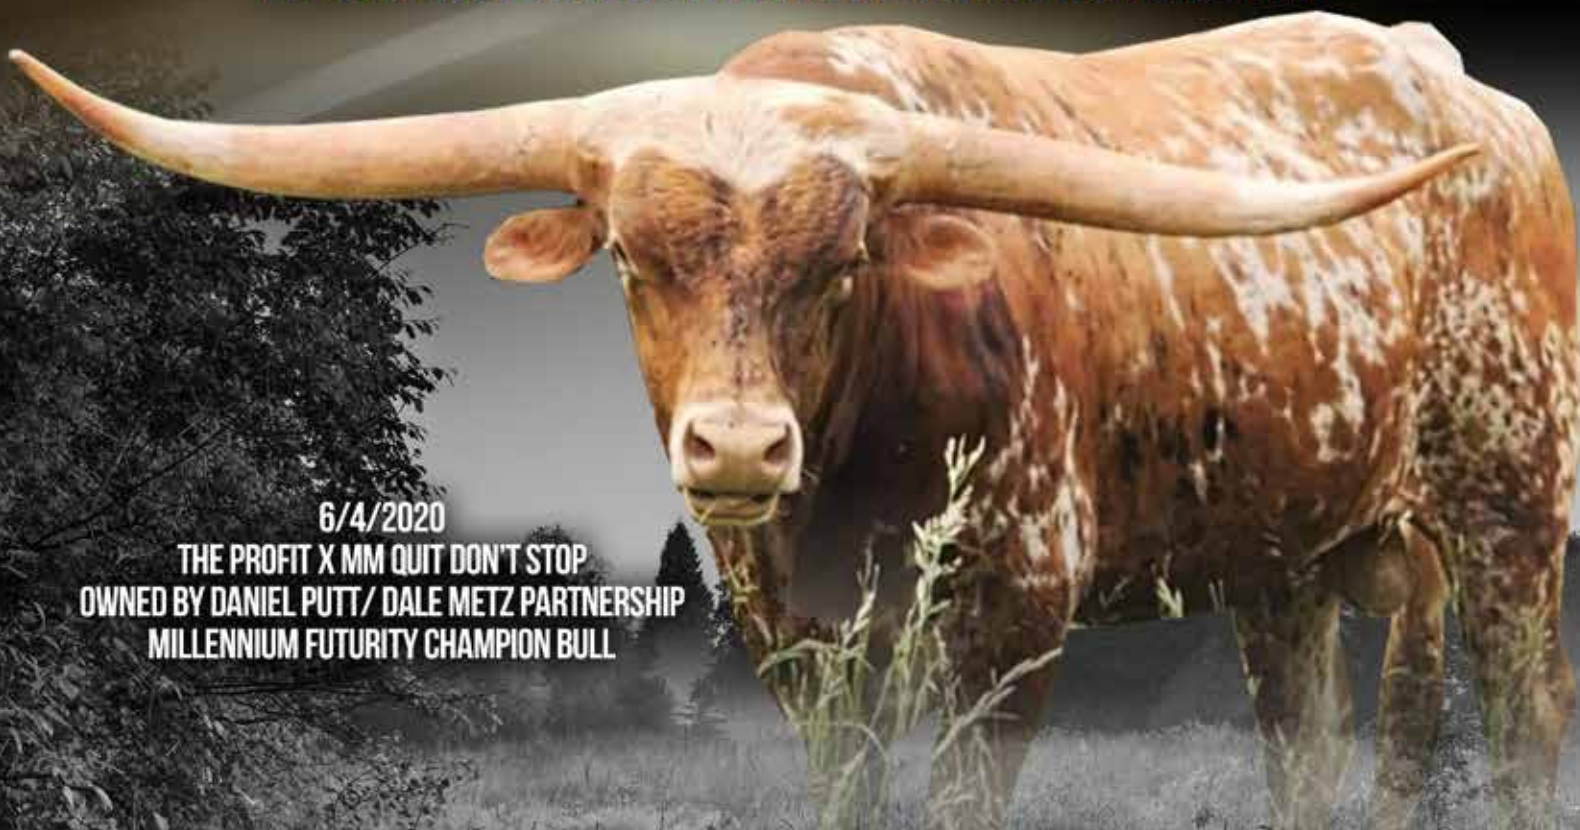

DAM: Star's Southern Eloquenc (X Star x Star's Southern Reflection)

BREEDING: Not Exposed.

COMMENTS: This is by far our flashiest heifer from 2022. She has color to burn and takes after grandmother, FL Rio Maxine, the \$25K high selling cow at the Legacy Sale back in the day. She has a great start on horn development, as she will blow into the 50" TTT area way before she is two years of age. Her sister is a 2x HSC Champion, so we have a proven producer in her mother, Southern Eloquenc. She gets fed grain every day, so she is dog gentle. Take her home and enjoy this gal for years to come. She is not exposed, as we allow them to grow up naturally and will see a bull once they reach two years of age. Bid in confidence on Silver Rosebud!

SIRE: TCC Houdini 423 (RHF Sharp Shooter 703 x HR Rio Rose)

DAM: GLH Dragon Lady (Drag Iron x Play The Field)

BREEDING: AI'd to Iron Span with heifer-sexed semen.

COMMENTS: GLH Houdini's Karen is a full sister to GLH Houdini's Rosemary, the youngest cow to reach 100" TTT. The only reason she is at this sale is because we have a full sister at home to replace her, plus I have two heifers out of her as well; a 2022 Drop Box daughter and a 2023 Black Market daughter. She will be bred to Iron Span and should be a colorful calf. She is a little nervous in the corral, but very handleable.

BREEDING: Confirmed bred to LVR Sun Seared (Cut'n Dried X WS Sunrise).

COMMENTS: What's not to love about this full figured 2 year old? She's got it all, pedigree, conformation, and horn! She's been halter broke by our youth and is an absolute joy to be around. She may be a blank red slate, but color is all over her pedigree. She will easily be your favorite producer. Icing on the cake: she is confirmed bred to LVR Sun Seared (Cut'n Dried X WS Sunrise).

COMMENTS: Here's a young girl out of the heart of the Bolen Longhorn program, JJ Justice Kate is sired by the over 88" TTT Justify, out of the almost 90" TTT Gamblin' Kate BCB. On the top side, along with Justify, you get the over 88" TTT legend, PCC Rim Rock, and the over 90" TTT Horseshoe J Justifiable. COMMENTS: EL Kaboom is a 6-year-old cow who's only produced heifers, just like her dam did. She's also produced two grulla heifers when bred to a black bull and two brindles and white heifers when bred to a bull carrying the wild gene. She's a 3-in-1 package bred to an all black CV Casanovas Magnum son. She has a beautiful set of swoop horns and we'll have a new measurement at the sale. DAM: WF Maserati (WF Checkers x Sprinkles 47)

BREEDING: Confirmed bred by blood test to Gold Mine 1 on 5/2/2023.

COMMENTS: Have you ever seen a color pattern like this on a Longhorn cow? Okay, well have you ever seen color like this on a Longhorn cow with 92" of total horn? We haven't! Painted Ferrari is extremely quiet, a phenomenal milker and clearly demonstrates the genetic capacity to produce horn. All you need is a sire to lay that horn down flat and we believe Gold Mine 1 is just the bull to do it! It's tough to let her go, but we know that where ever she lands, she'll make a big impact!

Hunter served his country in the Navy Reserves for 8 years with 10 mths deployed to the Middle East in 2018. He worked as a CO at Jeff County for 4 years and was hired for the Morristown City Police Dept Dec 2019. Imagine this perfect family and life then suddenly Saturday June 24th you celebrate your baby girl's birthday, you go home for a nap, you wake up dizzy, nauseated, and the left side of your body tingling. Sunday you experience the same symptoms more intense more tingling on the left side of your body you taste and smell something sour, eye twitching, and feeling so dizzy you feel like you may pass out. You sleep most of the day trying to sleep it off only to get up Monday and the symptoms start all over. You try to go to work with these new symptoms after all you have been fine, you can work through this and

it will go away. Two hours into your shift symptoms are intense again. You end up in the ER and the doctor comes in and says you have a mass on brain. This is exactly what happened to Hunter and this family this week. A normal family ready for one of the happiest times of their lives, welcoming their new baby girl and now this news. You learn from doctors your symptoms are seizure related, the mass is large, you are started on seizure medication and immediately you are told not to drive. You are tasked with telling your family what is ultimately the unknown to you. Monday July 3rd you plan a very exciting visit with the baby doctor to discuss your new girls arrival only to turn around and go for another MRI. This MRI will help doctors determine exactly how to conduct your upcoming brain surgery in attempt to remove the mass. They have already mentioned chemo and radiation after the surgery all of which is still uncertain and depending on surgery to find out exactly what type of mass this is.

This was typed with permission from Hunter and his wife Kaylin. After talking with them for only a few minutes they have truly inspired me. They are a beautiful, sweet family. They ask for your prayers for their family. We serve a great BIG God who can take a small amount and make it large, he can take a brain mass and make it benign or gone. Currently Hunter is out of work pending the unknown. If you are able or feel led to donate they have a go fund me set up as well as donations being taken by men and women of the police dept. The only legit go fund me is set up by the Blue Line Tennessee Inc. You can find the link on facebook or google go fund me and search Hunter Donahoo. <https://gofund.me/67b9a70f>
