

TEXAS TREASURE SALE

APRIL 4-5, 2025

FREDERICKSBURG, TEXAS

Welcome to the Hill Country!

WELCOME

Welcome to the inaugural Texas Treasure Sale! We are thrilled to have you join us for a weekend of enjoyment and community in the beautiful Texas Hill Country, specifically in the charming town of Fredericksburg.

This event is not just about showcasing elite Texas Longhorn heifers and top young herd sire prospects, but also about coming together to celebrate a shared passion and weekend full of fun.

When planning this event, our goal was to create a memorable experience that breeders would want to return to year after year. We've incorporated multiple opportunities for socializing, enjoying great food, and exploring the local offerings, such as shopping, spa days, vineyards, distilleries, and art galleries. We believe that these elements, combined with the Longhorn sale, create an enriching experience that goes beyond the cattle, making it truly special for everyone involved.

Fredericksburg offers a delightful backdrop for this occasion, with its welcoming atmosphere and unique attractions. We encourage you to take some time to enjoy all that this wonderful town has to offer.

Whether you're here to buy, learn, or simply appreciate the beauty of the Longhorns and the Texas wildflowers, this event promises to be a memorable experience. We are grateful for your presence and look forward to a weekend filled with great company, shared knowledge, and plenty of Texas charm.

Thank you for joining us at the Texas Treasure Sale. Enjoy your time in the Texas Hill Country!

God Bless,

Mike, Randy, Kurt, John & Chap

LM LONGHORNS

Nestled in the heart of the Texas Hill Country, LM Ranch encompasses 2,500 acres of rugged beauty and serene landscapes, bordered by mountains to the west and featuring four miles of spring-fed creek frontage to the south. Between the charming towns of Llano and Marble Falls, this picturesque setting provides the perfect backdrop for LM Longhorns, owned by Mike Davis, where cattle thrive in an environment fit for the discerning rancher.

and Teresa Sparger of the 3S brand, LM Longhorns benefits from decades of refinement and careful selection of the McCombs herd. The Spargers' commitment to quality has established 3S as a premier name in longhorn breeding, and LM Longhorns proudly continues this tradition, ensuring that the legacy of excellence endures.

Strategic breeding practices are a focal point for the ranch, including the outcrossing of the renowned Touchdown Tari family with the

Established in 2016, LM Longhorns embarked on its journey with the acquisition of five Texas Longhorns at the prestigious Red McCombs Fiesta Sale. Since its inception, the ranch has earned a reputation for quality breeding and industry excellence, making a significant mark within the longhorn community.

At the heart of LM Longhorns' breeding program is the celebrated foundation female, 3S Danica. Not only has she garnered accolades such as the Guinness World Record for Tip-to-Tip (TTT) measurement, but she also holds prestigious titles including TLBAA Superior Cow and Ultimate Cow in 2019. Her remarkable achievements underscore her substantial impact on LM Longhorns' herd, and her status as the highest-priced longhorn cow at auction exemplifies the quality that LM Longhorns strives to uphold.

impressive bull, Rebel HR. This calculated approach to breeding aims to produce remarkable offspring with desired traits that resonate in the industry.

The ranch is also home to significant cattle such as 3S Touchdown Tari and Texana Van Horne, alongside bulls like WS Hydro and Century 100. Each animal plays a crucial role in advancing LM Longhorns' mission, contributing to the refinement of genetic traits like horn length and overall conformation, which are highly valued within the Texas Longhorn community.

LM Longhorns represents a blend of tradition and innovation in the world of Texas Longhorn breeding. With its remarkable foundation female and a commitment to strategic genetic enhancement, LM Longhorns continues to carve out a reputation as a leader in the industry, all while fostering a deep appreciation for the unique qualities of this iconic breed.

MEET THE HOST

NEW AGE CATTLE COMPANY

Located in the scenic pines of East Texas, New Age Cattle Company spans the picturesque landscapes of San Jacinto, Liberty, and Waverly counties. Here, cattle graze peacefully against the backdrop of the beautiful Sam Houston National Forest.

New Age Cattle Company, owned by Randy Murry, has established itself as a premier breeder in the Texas Longhorn industry, boasting over 40 remarkable breeding herd sires. This impressive lineup includes notable names such as M.C. Hangin Tuff, Cool Hand Luke Chex, HL Double Barrel, BR Real Deal, Chatter Box, Trumpter, Banker, Dunn Wildfire, RJF Cowboy Reb, PCC Jack Rabbit, Jammin Rex, HIL5 Ol'Son, among numerous others. Partnered with 23 of the industry's leading programs.

Recognized as the largest herd of Texas Longhorn Cattle in the world, New Age Cattle Company is a leader in twist genetics, which has become a hallmark and focus of their breeding program. Randy Murry, who began breeding Texas Longhorn cattle at the age of 13, brings 27 years of experience to the industry, allowing him to implement effective strategies that enhance herd quality and genetic diversity.

The name "New Age Cattle Company" pays tribute to the original breeding program located in New Berlin, New York founded by Bill and Sue Burton, who were respected breeders in the

industry. The Burtons' breeding program produced influential genetics, including animals like Overhead, Overjoyed, and Overchill. Their stock played a foundational role in the genetics of many notable cattle in the industry from the longest horn to the highest selling. The legacy of the original New Age genetics is embedded in nearly every elite Longhorn in today's breeding landscape and still reigns as the primary influence and genetic contribution to the ranch today.

In 2024, New Age Cattle Company achieved notable success by selling nine of the highest-selling cows in industry (cash-cows). The ranch actively participated in twelve industry sales and hosted three private sales, highlighting its dedication and support of the breed. New Age Cattle Company demonstrated its commitment to the Longhorn community by donating over \$250,000 to various initiatives within the industry, emphasizing its role in promoting the sustainability of Texas Longhorn cattle breeding.

Additionally, the ranch welcomed over 100 ranches from around the world to visit its operations in 2024, reflecting its dedication to fostering connections and sharing knowledge within the breeding community.

New Age Cattle Company, with its substantial breeding program, rich legacy, and commitment to community, stands out as an influential player in the Texas Longhorn cattle

MEET THE HOST

SILVER T LONGHORNS

Nestled in the heart of East Texas, Silver T Longhorns, owned by Kurt and Glenda Twining, is dedicated to the ethical breeding and nurturing of registered Texas Longhorn cattle. The operation prides itself on the quality of its herd, focusing on top-tier breeding stock that emphasizes genetic excellence and the preservation of the breed.

Silver T Longhorns employs a comprehensive breeding program that carefully selects from a diverse range of cattle sourced from various locations across the United States. This approach is complemented by the integration of their own branded genetics, which enhances their breeding efforts and fosters genetic development. Among the standout herd sires at Silver T Longhorns is Heartbreaker, a primary breeding bull known for his exceptional lineage. Heartbreaker is a product of the renowned Cowboy Tuff Chex and M Arrow Cha Ching and is a full brother to RJF Lock & Load and Happy 9.

Another notable sire being utilized is BR Real Deal, who boasts impressive horn measurements nearing 100 inches TTT (Tip-to-Tip) at the age of four. His dam boasts 107 inches TTT and he combines the over 100-inch TTT Horseshoe J Example "402", and the incredible 99-inch TTT Jammin Jenny. Additionally, Vindicator's Edge brings an impressive 90 inches TTT and has lineage that includes the stunning Miss Diamond, renowned for her own 95-inch TTT measurement.

In November 2023, Silver T Longhorns added HH Never Forget to their herd, further enriching their genetic diversity with contributions from RM Awesome Pat, a distinguished swoop-horn cow bred by the late Red McCombs. The cow herd at Silver T Longhorns is equally impressive, featuring 24 females with horn measurements exceeding 90 inches TTT. Among them are Silver Heart, noted for her extraordinary measurement of 108.75 inches TTT, and Silver Cali-

fornia, whose 100-inch TTT measurement at just three years old highlights the excellence of the breeding program.

Located within the expansive grounds of Silver T Longhorns, visitors will find several ranches, all parts of the Silver T family, contributing to the overall excellence of the breeding program. This unique setup allows guests to see promising future females at their separate ranch that supports the breeding programs commitment to maintaining a leading position in the industry.

Visitors to Silver T Longhorns could view one of the most premier red stag herds in the nation showcasing record scoring antlers and could even fish for record setting black bass. Visitors are always welcome to come for a one-of-a-kind experience.

Silver T Longhorns is dedicated to advancing the legacy of Texas Longhorns while upholding the highest standards of breeding and animal care.

MEET THE HOST

HH CATTLE CO.

HH Cattle Co., located in the picturesque Texas Hill Country near Stonewall, was founded in 2007 through a partnership between veteran Texas Longhorn breeder John Hever and Gillespie County rancher Chap Hutcheson. Together, they set out to create a small, elite herd of Longhorn cattle, ensuring that their passion for breeding excellence was at the forefront of their operations.

Headquarters on Chap's North Star Ranch, HH Cattle Co. has spent the last 28 years assembling a remarkable herd characterized by impressive genetics aimed at producing complete offspring and foundation females. Many of their cows have been sourced from the notable Red McCombs Ranches, while herd sires have been individually owned or acquired in syndicates with other dedicated breeders.

The Hutcheson and Hever families, including Chap and Ethel Hutcheson and John and Susie Hever, share a love for their cattle that extends beyond breeding. With a passel of grandchildren,

they prioritize maintaining a calm and friendly demeanor in their herd—aggressive animals have no place in their operation.

Visitors to the Hill Country are warmly welcomed to tour the ranch, meet the herd, and enjoy the area's renowned wines and delicious peaches. This commitment to quality is evident not only in their breeding practices but also in their sales. In the 2024 Glendenning Fiesta Sale, they proudly showcased a heifer from their

breeding program, named HH 100 Roses, which sold for \$65,000, highlighting the success of their cross genetics and dedication to excellence in the modern Longhorn industry.

In 2002-2003, Jim Hutchinson sold John Hever a 50% interest in 18 Longhorn females, relocating them from Colorado to Texas. The primary focus of this transaction was on developing strong maternal genetics within the breed. Today, those bloodlines continue to play a significant role in the HH herd.

ABOUT THE BREEDER

M7 LONGHORNS

M7 Longhorns has emerged as a remarkable player in the industry, driven by an unwavering enthusiasm for breeding quality cattle. From the outset, they were on a fast track to success. Under Wayne's leadership, countless hours were spent researching successful breeding programs and understanding the intricacies of genetics. This thorough exploration led to innovative breeding strategies, uniquely positioning them in the market and allowing them to cultivate their own distinguished brand.

Their hard work is not just theoretical; it's reflected in the outstanding quality of their animals, known for their exceptional conformation, striking color, excellent disposition, and impressive horn development. Within a short timeframe, M7 Longhorns has become a well-respected name, showcasing deep expertise in genetics and breeding practices.

Their active participation in the Texas Longhorn Breeders Association of America (TLBAA) highlights their commitment to the community. They regularly engage in futurities, consistently attend events, and support fellow breeders by participating in sales across the nation. This commitment extends beyond business; they are known for stepping up to support various causes within the industry, demonstrating a spirit of collaboration and generosity.

The accolades speak for themselves: Nationally they won back-to-back 2022 Texas Longhorn Exhibitor of the Year, 2023 Texas Longhorn Exhibitor of the Year. Also, in 2023 M7 Longhorns was honored with the Texas Longhorn Mel Raley Rising Star Award.

In 2024 M7 Longhorns had 2 of the top 3 Futurity animals in the NLFR National Longhorn Futurity Race!

M7 Longhorns proudly features a diverse genetic lineup featuring top-tier bulls like WS Hydro, the hottest black bull in the industry HL Jango, Concealed Sunrise LVR, 2023-2024 Horn Showcase Ultimate Bull PCC Cactus, 2025 Legacy Spotlight Bull Cool Hand Luke Chex, Marlboro Man LM, genetic freak Schwarbomb son of \$275,000 DW Fast Stuff, M7 Irish Luck, M7 Grate Iron!

M7 Longhorns employs a strategic line breeding program tailored to enhance structural integrity, conformation, and milking capabilities. This systematic approach ensures continuous improvement in their cattle with each generation, solidifying M7 Longhorns as a leader in the industry and setting a high bar for quality and excellence.

ABOUT THE BREEDER

DCT LONGHORNS

DCT Cattle has firmly established itself as a leader in the cattle breeding industry, with a proven track record of excellence and achievement that is evident across multiple aspects of its operation. The ranch has been recognized with prestigious awards, solidifying its reputation for breeding high-quality cattle. Notably, Saddle Jewel earned the title of 2021 Ultimate Cow, while Horseshoe J Journey clinched the same accolade in 2023. Additionally, DCT Cattle boasts several Millennium Futurity Champions, exemplified by the High Point Bull title won by DH Hired Hand.

At the core of DCT Cattle's success are its sires and dams of distinction. Horseshoe J Journey "040" stands out as an extraordinary cow, honored as the 2023 Ultimate Cow and heralded as "The Most Iconic Cow In The Breed." Her influence is widespread through her progeny, with several of her sons, such as Nighthawk, Excursion, and Pathfinder, involved in successful partnerships.

Other notable contributors to their breeding program include RHF Rio's Queen, dam of Lot 1 - DCT Fire King, and one of the last exemplary cows from esteemed breeder Jim Atwell of Royal Heritage Farm. She has produced exceptional offspring, such as a son measuring over 70 inches at two years of age, and daughters with foundation-female quality. Brazos Iva is another exceptional cow, boasting an impressive 100 inches plus.

The legacy of black and white breeding is particularly strong at DCT Cattle. JH Rural Safari Son, recognized as "The Godfather of Black & White," and JH Lightning in a Bottle, the first black and white bull to reach 90 inches, have set significant milestones. Meanwhile, DH Hired Hand, labeled as one of the hottest young bulls in the industry, has been undefeated in futurity competitions, including winning the Grand Champion Bull title at the Legends Futurity. Easy E, an exciting up-and-comer, carries a legacy of excellence with a pedigree that includes a paternal connection to the 100-inch BL Rio Cachit and four generations of 90-inch-plus ancestry with remarkable twists on the maternal side.

The market success of DCT Cattle's animals is equally impressive. Saddle Jewel fetched a remarkable \$120,000 at the 2024 Hudson/Valentine Stockyards Auction, marking her as the High Selling Cow of the year. Other notable sales include HL Double Take at \$54,000 in 2023, DCT Crown Jewel at \$40,000 in 2022, and both Hicks El Sun Shine and Riverforks Black Diamond selling for \$30,000 and \$28,000, respectively, at the 2024 Glendenning Fiesta Sale.

Overall, DCT Cattle showcases a remarkable blend of outstanding genetics, industry recognition, and market success, continuing to build on their storied legacy in the cattle breeding industry.

COMMENTS: This is a very special young bull! Notice the tremendous size, bone and correctness to go along with his awesome true grulla color. Sired by 101" TTT PCC Midas Touch, who was one of the quickest bulls in the breed to hit 100" TTT. Midas Touch has the same sire as the 2x ultimate bull, PCC Cactus Jack! He has great maternal lines of cows too, such as 94" TTT PCC Golden Sand Dollar, 93" TTT CR Venus In Red, 100" TTT Horseshoe J Example and 95" TTT PCC Dazzle Doll. Dazzle Doll's sons, Argentum and PCC Dark Knight, are currently the #1 and #6 biggest-horned, true black bulls in the industry and grandson, PCC Dark Dust, is the fastest true black bull in the breed to reach 90" TTT! Spirit is one of a kind. We will be selling 25% ownership twice for two lucky buyers to join us in partnering on this exciting fella!

ABOUT THE BREEDER

PACE CATTLE COMPANY

PCC Longhorn Ranch stands as a testament to dedication, passion, and excellence in cattle breeding. As a 100% family-owned and operated establishment, every family member plays a vital role in the ranch's operations, with each child owning at least one Longhorn. This familial involvement ensures a deeply personal touch and a shared commitment to the ranch's success.

At PCC Longhorn Ranch, the focus is on breeding for the total package. The goal is to achieve consistency, predictability, and quality across generations, without prioritizing any single trait. By utilizing industry-leading genetics, the ranch adopts some of the most consistent and exceptional bloodlines available, producing cattle that stand out in the field.

The ranch's success is evident in its award-winning achievements. PCC Cactus Jack, a notable bred-and-owned bull, clinched the titles of Ultimate Bull Winner in both 2023 and 2024 and was also the 2023 Legends Futurity Champion and trailer winner. These accolades showcase the ranch's dedication to excellence and innovation in breeding.

PCC Longhorn Ranch has also achieved significant milestones, including being the breeder of Argentum, the largest true black bull in its breed, and PCC Dazzle Doll, the largest grulla cow. In 2018, the ranch bred and sold the highest-selling cow, further solidifying its status in the industry.

Among the top bulls produced by PCC are PCC Cactus Jack, PCC Dark Knight, PCC Midas Touch, PCC Rim Rock, and PCC Evader. The top cows from the program include PCC Dazzle Doll, PCC Golden Sand Dollar, PCC 50 Dimples, and PCC Horizon, each demonstrating the ranch's commitment to quality and excellence.

In summary, PCC Longhorn Ranch exemplifies a balance of family tradition, genetic excellence, and award-winning achievement. The ranch's dedication to breeding quality cattle with consistent and predictable traits continues to make it a leader in the industry.

(HH SAMURAI X 3S DANICA)

DOB: 3/22/2024 **PH#:** 124 **REG:** BTI108712

COMMENTS: Cyclone LM is a young bull out of the best 3S Danica daughter and the best Silent Iron son. For years, two longhorns slugged it out for longest tip-to-tip cow in the breed— 3S Danica and Silent Iron. Both are now each around 115" TTT and carry it well. Both are the product of over a century of work by legendary breeders Red McCombs / Alan Sparger and Darol Dickinson. We asked several experts what was the best young bull prospect in our 2024 calf crop and unanimously Cyclone LM was their choice. We are proud to offer him in the first Texas Treasure Sale. Partner up on this young bull and bid with confidence. Good luck!

ABOUT THE BREEDER

LM LONGHORNS

LM Longhorns, owned by sale host Mike Davis, offers an exceptional experience where cattle truly graze fit for billionaires. Established in 2016, the ranch's journey began with the acquisition of five longhorns at the renowned Red McCombs Fiesta Sale. Since then, LM Longhorns have become synonymous with quality breeding and industry excellence.

The cornerstone of their breeding program is the celebrated foundation female, 3S Danica. This cow has not only made a name for herself with accolades like the Guinness World Record for Tip-to-Tip (TTT) measurement, but she also holds the title of TLBAA Superior Cow and Ultimate Cow in 2019. She set a record as the highest-priced longhorn cow at auction, underscoring her significant impact on the herd's reputation.

LM Longhorns draw heavily from the rich genetic pool developed by Alan and Teresa Sparger of the 3S brand. Alan Sparger spent decades refining the McCombs herd, often selecting top calves to enhance his line. This dedication to quality has helped cement 3S as one of the premier brands in longhorn breeding, and LM Longhorns proudly continues this legacy.

Focus remains on strategic breeding, such as outcrossing the Touchdown Tari family with the impressive bull, Rebel HR. This calculated approach holds promise for producing remarkable offspring in the future.

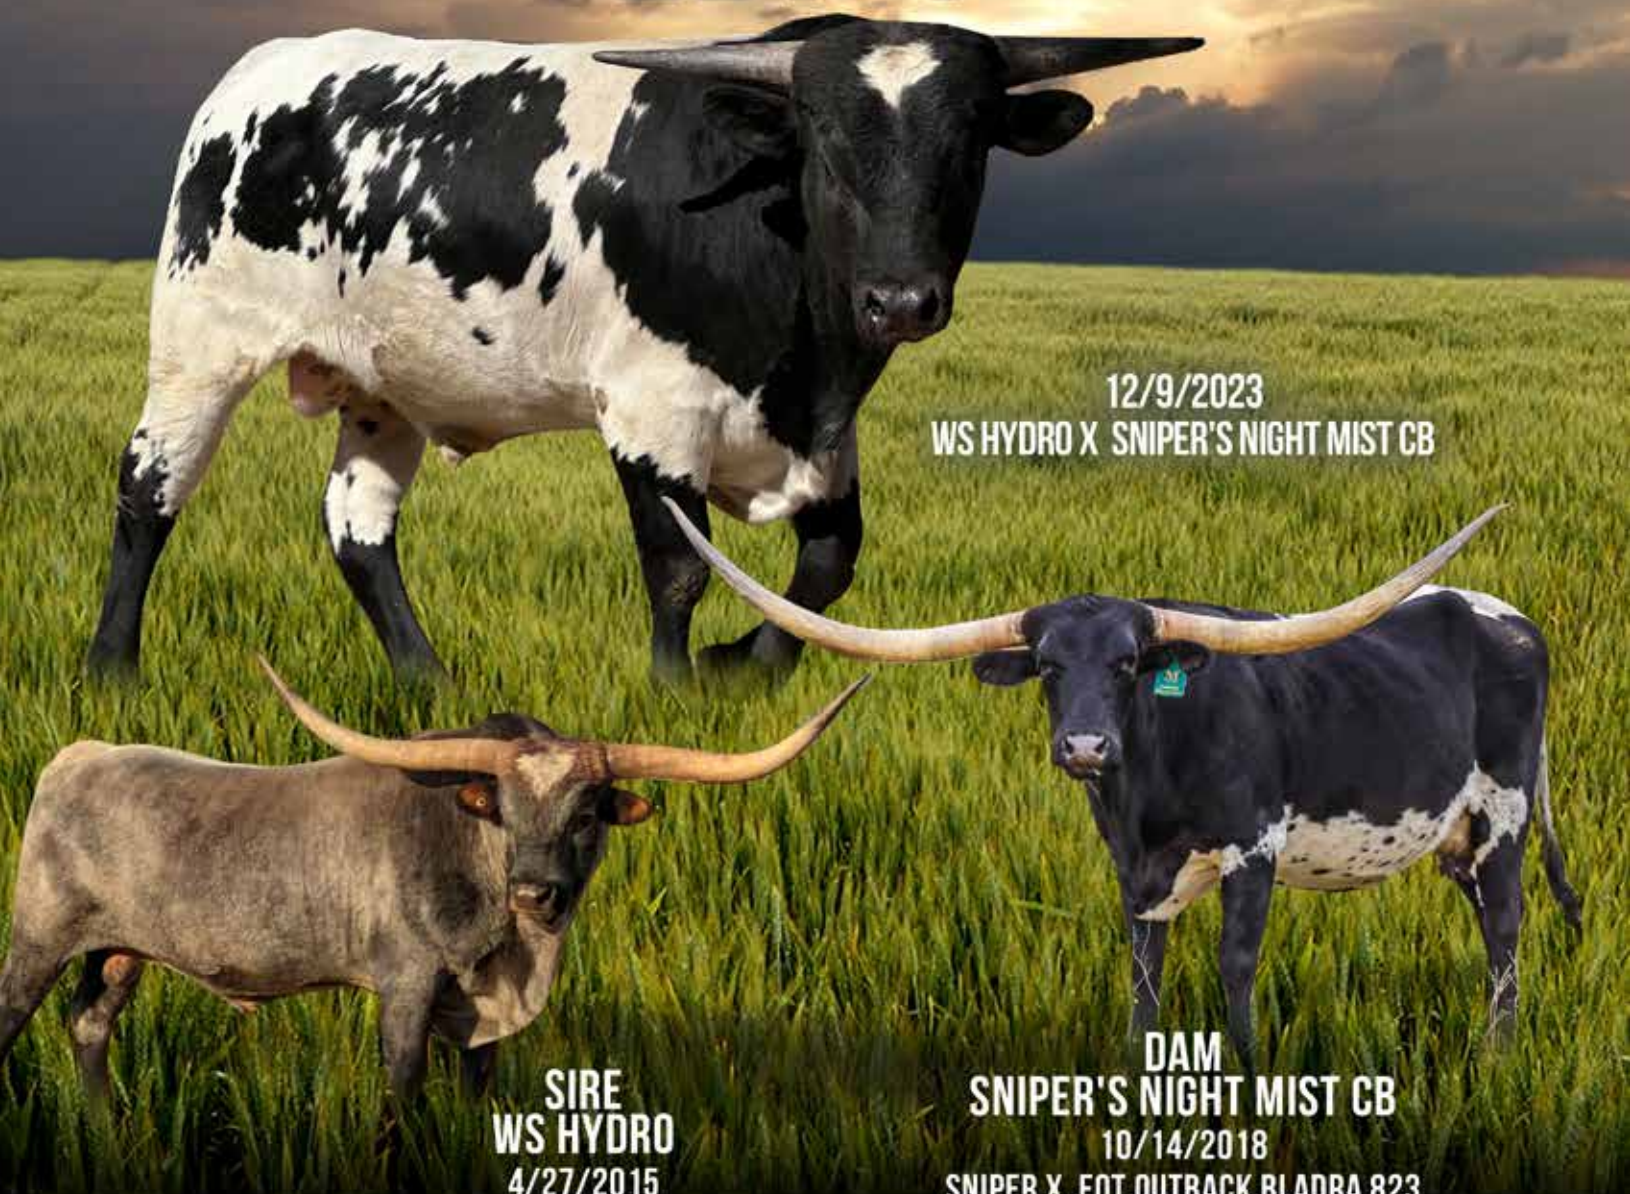

Significant cows like 3S Touchdown Tari and Texana Van Horne, along with bulls such as WS Hydro and Century 100, are notable members of LM Longhorns. Each plays a vital role in advancing the ranch's mission by refining genetic traits—such as horn length and overall conformation—that are highly valued in the industry.

As LM Longhorns continue to develop its breeding program, it remains a beacon of quality and innovation within the world of longhorn cattle, committed to achieving excellence while honoring its rich heritage.

ABOUT THE BREEDER

BULL CREEK LONGHORNS

For over two decades, Bull Creek Longhorns have been a distinguished name in the world of cattle breeding, celebrated for their dedication to preserving and enhancing Longhorn genetics. With a focus on selective breeding, Bull Creek integrates Tari Graves genetics as a cornerstone of their herd, recently incorporating Slams Rose genetics to further diversify and strengthen their lineage.

Bull Creek Longhorns have a discerning eye for quality characteristics in their cattle. They emphasize small ears, an attractive head and neck, long tails with a good switch, and robust rib spring—all complemented by long bodies with vibrant color. Recognizing the importance of longevity and productivity, the ranch prioritizes cows with good udders and small, durable teats.

The ranch's commitment to environmental stewardship is evident in their constant pasture improvement efforts, ensuring the growth of nutritious, weed-free grasses. They employ daily cattle observations to address potential health issues early and maintain a balance by avoiding overfeeding. In the summer, fly tags are utilized to manage pests, while a bi-annual vaccination and deworming program—guided by stool analysis—maintains herd health.

Bull Creek Longhorns also invest in a good supply of outcross genetics in their bulls to maintain diversity and breed quality. Creep feeding is provided to calves before weaning, and the use of free-choice pro cycle mineral tubs, along with loose minerals for salt replacement, ensures nutritional balance.

Advanced practices such as reproductive ultrasounds allow the team to identify and address breeding challenges proactively. To protect their pastures, Bull Creek implements effective fencing to deter pigs and coyotes, and they store hay in covered barns to preserve its quality. The ranch prioritizes feeding high-quality hay, avoiding coarse, stemmy grasses for optimal digestion and absorption. They ensure all cattle have access to fresh water, regardless of pond availability, and take special care that calves can reach it. Pasture maintenance includes keeping gophers at bay and ongoing DNA testing for herd management.

Bull Creek Longhorns' commitment to excellence is reflected in their accolades, including being named Breeder of the Year by the Texas Longhorn Breeders Association of America in 2019 and Legends in 2023, as well as receiving the 2024 Achievement in Breeding Improvement award from Bob Loomis. Their high-selling lot of \$70,000 reflects the market's recognition of their value.

A cornerstone of their breeding program, ECR True To Tradition, has achieved "Legend Cow" status, contributing significantly by producing numerous young offspring and grand-offspring reaching 90 inches—a testament to the quality and potential within Bull Creek Longhorns' program.

Bull Creek Longhorns combines tradition, innovative breeding techniques, and a commitment to environmental and animal stewardship to produce exceptional Longhorn cattle. Their careful balance of genetic enhancement and sustainable practices ensures their legacy in the industry.

COMMENTS: OCV'd. Dauntless Dovetail is a super rare genetic heifer that could not be more flashy. Her sire, RZ Shaka Joe, is a full sibling to the 110" TTT RZ Shakira Jo, owned by Diamond B Longhorns. RZ Shaka Joe's dam is 100" TTT, as well as his half-sister by the same dam, RZ Kira Kane. I'd say 100" TTT potential is a family trait. Dauntless Dovetail's dam, Dauntless Flatonia, is a super long, tri-color speckled, super docile, fantastic milker. Her sire is a bull we purchased from Todd Taylor, Tejas Tactical (Tejas Meteorite x GT Hey Jude Hey). GT Hey Jude Hey is the dam of 97" TTT Texana Garland's Gal. Incidentally, SHR Dauntless is Dauntless Flatonia's grandsire on the bottom side and he had six 80" TTT ancestors back when that was unheard of. Stacked, stacked and more stacked, without the usual suspects. Rare blood right here, an outcross for any herd and color to burn.

COMMENTS: OCV'd. This gorgeous Blue Moon GLR heifer has one of the rarest colors in the industry, a reverse brindle dark grulla; white stripes infiltrating a blue/gray background. Her early lateral horn direction is also impressive because of the consistency in her pedigree. The horn pedigree is stacked with four 100" TTT, nine 90" TTT and 46 over 80" TTT. Yes, that's a total of 59 ancestors over 80" TTT, a virtually unheard of statistic today. Here's your opportunity to go home with a rare and special heifer. She's left unexposed to breed to your bull of choice. The lucky buyer will have fun deciding what bull to breed her to. Go to www.gillilandranch.com for updated information.

COMMENTS: OCV'd. This gal is the best 2024 heifer we have raised. A genetic goldmine for sure, with 98" TTT Silver Abby, the absolute best cow we own, 95" TTT RRR Miss Diamond, 90"+ TTT WS Sun Star, WS Vindicator and KC Just Respect. She has color to burn, calm and is easygoing. We have three of her sisters in our herd that we have a lot of respect for. Silver Shades of Beauty gives us every indication that she'll be a front pasture cow with a wow factor for 15 years to come. She is an absolute home run.

BREEDING INFORMATION: Not Exposed.

COMMENTS: OCV'd. If you're looking for the real deal, here she is! HL Stormy's lineage traces all the way back through her maternal side to 115 Sabrina that sold for \$86k at the Legacy Sale a few years ago. She's loaded with so much maternal influence, running deep through her pedigree; the likes of Horseshoe J Important, WS Sun Star, HL Significant and BL Rio Catchit to name a few. Stormy is a granddaughter of HL Heads Up, who's daughters have averaged over \$68k at public auction. It's no surprise that Stormy is well on her way to becoming an elite female with the maternal power to prove it!

COMMENTS: OCV'd. Our herd wouldn't be where it is today without Alan Sparger, who was the architect of the famous McCombs herd. Alan was allowed to choose one heifer per year from Red's herd, and this heifer's 97" TTT dam, 3S Tari's TD, was one of them. She's an absolute stunner— full body and as shiny as a thoroughbred horse and this heifer will be no different. She's sired by our 3S Danica bull, Century 100, then bred back to our other 3S Danica bull, Tuco LM. If she drops a bull calf, it'll be Danica top and bottom. This is a can't miss heifer.

COMMENTS: When this baby girl was born, we saw the future of our herd taken to the next level. We'll probably have regrets selling her, but we wanted to offer our best for the inaugural Texas Treasure Sale! Poetry is the most complete cow we've raised, measuring just shy of 90" TTT as a 5-year-old and the first futurity class champion for us. Poem of Silence is named after her dam and her granddam, Silent Iron. Silent Iron now measures 114.3125" TTT and was the 2022 Ultimate Cow. This heifer has brindle color just like her dam, perfect little feet, great temperament, correct conformation, all in one little explosive little package. Poetry will be at the sale with her baby, so you can see the potential in her. Bid with your heart for this Future Futurity Champion in the making!

COMMENTS: OCV'd. We wanted to offer a WOW heifer for the inaugural Texas Treasure Sale. KDK Ace's Luna represents the kind of heifer we strive to produce; a complete longhorn with great size, excellent conformation, spectacular color, desirable horn direction and exciting early horn growth. Luna measured 35" TTT at just 12 months old, with black horns. Luna's sire, Delta Lucky Ace, needs no introduction. He's the 2021 HSC Ultimate Bull, the 2020 HSC Junior Get of Sire and has produced over 90" TTT cows, as well as bulls. Luna's dam is an absolutely gorgeous 91" TTT cow with a twisting, handlebar horn set and is out of one of McCombs favorite genetic combinations, the Boomerang C P and Tabasco lines. Luna is a heifer you can build your program around. We've left her unexposed, ready for your top bull. For updated photos and measurements, please visit www.kdklonghorns.com.

COMMENTS: OCV'd. Casper was just on the cover of the Trails Magazine along with three sisters that are or heading to over 100" TTT. She's the next generation of Heart Breaker who has and will produce more 100" TTT females in the breed than any other bull. Look at the female fire power, 104" TTT M Arrow Cha Ching and 97" TTT M Arrow Marilyn, the longest triple twist in the breed. Plus, Casper's dam is almost 90" TTT. The magic cross is Heart Breaker (90"+ TTT) over a CV Call of Duty daughter. She's brindle from head to toe, has great disposition, a perfect horn set and open to breed to the best bull of your choice. She's clearly one of the very best we raised in 2023.

COMMENTS: OCV'd. Bux Jungle Heart is a promising young female that offers a solid foundation for any breeding program. Her dam, ECR Beautiful Heart, exceeds 100" TTT at just 6 years old. Notably, her lineage includes Hunts Command Respect and the full sister to Hunts Command Respect, making this pedigree unique and unrepeatable. Hunts Command Respect's produced influential cattle such as Top Caliber and WF Commando, leading to notable offspring like Rebel HR, HR Rosette and HR Awesome Reb. Her sire, BR Jungle Jim, also surpasses 100" TTT at 6 years old and is descended from the renowned TCC Houdini and the nearly 100" TTT cow, TTT Jammin' Jenny, regarded as one of the best in the industry. This combination of legendary horn producers and impactful genetics makes her an exceptional choice for the most discerning breeders.

COMMENTS: OCV'd. RR Safari Ace is a solid heifer with a quality bloodline. On the top side, she's out of our bull, Bank Roll, who goes back to Fifty-Fifty BCB and the 92"TTT HL Royal Rose. Her dam is RR Destinee, giving you Sam Chex and our 93"TTT Sweet Safari Honey. She measured 40"TTT at 28 months old, showing consistent potential growth.

BREEDING INFORMATION: Not Exposed.

COMMENTS: OCV'd. This heifer comes from the best of the best for us. Her top side brings you Fifty-Fifty BCB, a sire who's produced three daughters who brought \$210k, \$200k and \$190k. You also have Rex's Red Rose, the 3x Ultimate Cow, over 105"TTT and built like a rock, whose dam is the Max's Red Rose cow who was in the mid 90"TTT before her passing. On her bottom side, you have none other than the famous Sittin Pearl, sired by the million dollar syndicated Sittin Bull, out of the great Lady Monika daughter, BL Monika, who's mid 90"TTT herself. 99 Pearls sells unexposed and measured 48.625"TTT at 18 months old, putting her on tract to be at least upper 60"TTT at 24 months old. This heifer has every making of a fabulous foundation cow, with a depth of fine genetics, bringing the capacity to produce excellence in the generations to come.

COMMENTS: OCV'd. Dbl-K Leap for Joy might fly under most peoples' radar, but she's one of the top favorites of our 2023 calf crop. Despite being the youngest of our 2023 spring calves, she's adding horn and frame at a faster rate than any of her peers. Her young dam is exactly what we look for in a female: an excellent producer with a perfect udder and a calm disposition. Her sire, Wheels Up, is pushing toward 100" TTT. Joy has been parent verified, is BVD-PI negative and color coat tested E+e (wild, red). She sells exposed to 99"+ TTT Dunn Got Double Lucky. BREEDING INFORMATION: Not Exposed.

COMMENTS: OCV'd. Here's a beautiful grulla-spotted heifer out of one of our best brindle cows, Cindy Lou Chex, who measures 80" TTT and sired by our favorite bull, LL Crown Moonshine, who measured 94" TTT a few months ago. Crown Moonshine is a big dun/grulla vertical brindle Bootlegger son who throws a ton of horn and lots of loud colors, including brindles, grulla, of course dun and near black. When these heifers approach 2 years old, they start sprouting horn out the wazoo. Wait for it! And, her dam is a heifer producer.

BREEDING INFORMATION: Not Exposed.

COMMENTS: OCV'd. This heifer is the look alike daughter of her dam and has the genetics that have consistently worked for over 60 years! If you're looking for a female that'll be a true outcross in today's industry and a foundation female, she's the one! She's Overhead x2, Overlyn x2, Feisty Fannie x2, her dam is over 95" TTT and her dam has produced daughters over 95" TTT (at only 7 years old). Her dam, Feisty Darlene, is a daughter of the clone of Delta Darlene, an own daughter of the Classic son, Dixie Hunter, and out of a Texas Ranger JP daughter. This is Johnnie Hoffman breeding at its finest! This little heifer is sired by Formal Attire, the twist-producing son of Tempter and the 100" TTT Horseshoe J Example "402". TERMS & CONDITIONS

TERMS & CONDITIONS:

All cattle sell under the terms and conditions listed.

PAYMENT:

Terms of sale are ACH or check to the Texas Treasure Sale at the conclusion of the sale. Checks are made payable to Texas Treasure Sale. No refunds.

LIABILITY:

All persons who attend/bid during this sale do so at their own risk. Anyone associated with or anyone else connected with the sale assumes no liability, legal or otherwise, for any accident or loss that may occur.

HEALTH TERMS:

All cattle selling will be accompanied with a valid health certificate to be shipped anywhere in the continental United States.

BIDDING:

Each animal will be sold to the highest bidder with reserve. All bids are final. No Refunds.

ONLINE BIDDING:

Clicking to bid is a binding contract. Successful winning bids constitute as final sales. No refunds available. Hauling is organized and funded at the owner's expense.

BIDDING DISPUTES:

The auctioneer in charge will settle any disputes as to bids, and their decision on such matters shall be final.

TERMS:

Terms of the sale are cash or check to the Texas Treasure Sale at the conclusion of the sale. Checks are made payable to Texas Treasure Sale.

POSSESSION:

Immediately after the animal is sold, it will be the sole risk and responsibility of the buyer thereof, but possession cannot be obtained until payment is made.

CERTIFICATION:

A certificate of registration will be furnished and transferred to the purchaser on each lot in the sale, including calves at side.

HEALTH:

Bidders should consider individual state requirements before purchasing.

GUARANTEE:

Breeder guarantees are strictly between the individual seller and the purchaser at the sale. All calves at side are given to the purchaser free and carry no guarantee.

NOTICE:

The purchaser must look to the seller for fulfillment of all guarantees and representations made hereunder.

PEDIGREES:

The seller has furnished the information on the pedigrees of the animals announced.

CONTRACT:

The above terms and guarantees shall constitute a contract between the buyer and seller of each animal sold. No cattle may be loaded until after payment is made.

BUYER RESPONSIBILITY:

Prospective buyers or bidders should look carefully at all comments for each lot. Buyers should acquaint themselves with terms concerning the breeder status, fertility, and health papers on each animal sold. It is the responsibility of the buyer to be aware of health regulations for transportation of animals into the state of their residence. By doing so, a buyer can save himself many problems and also enable himself to be more competent and qualified buyer.

Clicking to bid online is a binding contract. Successful winning bids constitute as final sales. No refunds available.

Hauling is organized and funded at the owner's expense.

If payment is made by credit card there is a 4% transaction fee.

INTERNET VIEWING & BIDDING

Courtesy of Hired Hand Live, a Product of Hired Hand Software

- Go to www.HiredHandLive.com and follow the prompts to either log in (if you've used our system before) or become a verified, registered bidder. Please use Google Chrome as your Internet Browser. Do not use Safari.
- Bidders are required to register for each sale they wish to participate in. Viewers are not.
- New bidders are required to go through a verification process that includes a valid credit card.
- There is no fee to participate or buy online. There is no buyer's premium added to sale prices.
- All winning bidders will receive a notification. At that time it is your responsibility to:
 - contact the sales office and arrange payment. Sales office information can usually be found in the front of your sale catalog and is not the same as Hired Hand Live.
 - arrange hauling/transport
- Hired Hand Live and it's employees are not responsible for helping you arrange payment or hauling. Please complete these tasks on your own.
- Absentee and max bids can be placed ahead of time, if you are unable to be online live during the sale. These types of bids are blind and are placed automatically by our system in order to purchase the animal at the lowest price possible for you. We do not disclose max bids amount to any sale staff.
- All terms and conditions listed in the sale catalog apply to on-line bidding. Users also agree to terms and conditions upon signing in to use Hired Hand Live, therefore bidding is a binding contract. Dishonesty in bidding or abuse of the system will result in being banned from future use.
- Contact Hired Hand Software for additional assistance as needed. While the sale is in progress, if your call is not answered, please listen to the voicemail recording of other available numbers to assist you. info@hiredhandsoftware.com
