WELCOME

We are looking forward to our upcoming sale and futurity this year. We have MOVED LOCATIONS to accommodate the growth as well as the added convenience this facility will provide for everyone.

This year our event will be held at the Pennsylvania State Farm Show Complex in Harrisburg, Pennsylvania. Our futurity and sale will be held in the Equine Arena. There will be adequate room for loading cattle and parking space for the cattle trailers. In addition, we have a beautiful arena with 39,200 square feet of floor space, 1,660 seats, and 570 parking spaces available. There is also onsite camper hook up if needed. The amenities offer plenty of room for growth for years to come.

The Appalachian Trail Sale continues to foster and retain our relationship with longhorn breeders all along the east coast as well as across the United States. Our goal is to continue to grow and provide opportunities for breeders to showcase their animals, purchase cattle, and generate interest for new breeders. The east coast breeders are growing by leaps and bounds. They not only raise longhorns for their own enjoyment; but are heavily invested in meat production as well as advancing their genetics through artificial insemination and embryo transfer. They strive to raise some of the best cattle you will find this side of the Mississippi.

We are proud to say we have 63 head of very nice cattle consigned. We look forward to seeing everyone in June. If you can't make it in person, Hired Hand will be live streaming the sale for your convenience.

We appreciate all the breeders and corporations that stepped up to support our venture this year whether it be sponsoring or consigning. There was a tremendous outpouring of support. Without you, this event would not be possible. We are truly very thankful and grateful!

Thank you all again and God Bless!

BREEDING: Exposed to BR Real Deal from 7/1/2024 to 10/18/2024 and Heartbreaker from 10/19/2024 to 4/1/25.

COMMENTS: We had a very hard time consigning this one due to her genetics. Beautiful Parker brown cow that stays in tremendous shape all year long, raises big colorful calves, and milks great. She goes back to Allen's Dark Cherry and Top Caliber, and then to our 92" TTT Allen's Cherry Top. We crossed her with Big Red who is Rowdy HR's full brother...then you have Gunman, Shadowism, and JR Grand Slam. Now study the bulls, Heartbreaker brings in M Arrow Cha Ching and Cowboy Tuff Chex, both over 100"TTT. Heartbreaker has produced more 100"TTT daughters than any other bull in the breed. Real Deal is stacked with 100's in his pedigree and he would be 100"TTT if he hadn't broke a horn. If she has a heifer, it too could be over 100"TTT. This is a great opportunity!

BREEDING: Exposed to Hubbell's Jeremiah from 4/1/2025 to Sale Date.

COMMENTS: Study this pedigree! This heifer's dam produced one of the top earning heifers on the futurity circuit in 2023 and 2024. Her sire is the great HL Higher Ground bull. It's hard to get any better than that. Bolen breeding can be hard to come by in this part of the country, and the bottom of her pedigree is chalked full of some of Brent and Cindy's greatest. We have her exposed to Hubbell's Jeremiah, which will give this offspring an absolutely stacked pedigree from top to bottom. No holes here!! Breeding status and horn measurement update will be announced at sale.

COMMENTS: GLH Hooray's Angel is a standout female with size, twist, and unbeatable temperament. Sired by Hooray, one of the widest-horned sons of the legendary WS Jamakizm, she carries forward a legacy of power, color, and proven genetics. Hooray himself measures 86.25"TTT and comes from a massive 1,300 lb dam with over 86"TTT, ensuring size and horn growth in his offspring. Her dam, Wiz's Shadow, brings depth and maternal strength, rounding out Angel's balanced conformation and strong genetic package. Known for her exceptionally friendly disposition, Hooray's Angel consistently produces docile, well-mannered calves, making her a great choice for breeders looking to add calm, quality genetics to their herd. COMMENTS: Emma is a complete cow with color, conformation, twisted horn, and very easy going. When we AI her we bring her in the corral and the AI tech walks up behind her, does his job. No gates are needed; she's a one straw cow, easy breeder. There is not a lot of progeny recorded on her. I sold her as a 2-year-old and she was never bred to anything really good, and most were not registered. I bought her back. She is a daughter of GLH Dragon Lady. She has a 2-year-old steer from Hang'n Tuff that is showing nice horn growth. I'm keeping her 2024 Drop Box heifer to replace her and will post on Facebook.
